Councillor Vincent Crisanti
Ward 1, Etobicoke-North

Subject : Support for Traffic Safety Improvements on St. Phillip's Road

Dear Councillor Crisanti,

I am writing to express my strong support for your initiative to improve traffic safety on St. Phillip's Road.

The frequency and severity of incidents along this stretch of road have become deeply concerning. In just the past three months, two hydro poles have been struck by vehicles. In one particularly serious incident, the impact was so severe that both the hydro pole and transformer were knocked completely across the roadway, creating an extremely dangerous situation that could easily have resulted in a tragedy. Below are photos of this May 24th accident:

Excessive speed is a daily reality on St. Phillips Road, particularly for vehicles travelling from Weston Road. As the General Manager of Weston Golf and Country Club, I witness firsthand the

challenges our members face when exiting the Club. Those attempting to make a left turn onto St. Phillips Road are effectively taking their lives into their own hands, as approaching vehicles frequently travel at speeds far in excess of the posted limit from both directions, leaving little opportunity to safely enter traffic.

I appreciate your leadership in addressing this issue and strongly support measures that will reduce vehicle speeds and improve safety for residents, pedestrians, club members, and all who use this roadway.

Thank you for your commitment to our community.

Sincerely,

Robert Ackermann

Robert Ackermann
General Manager | Director of Golf Course Operations
