

Attachment 1: Proposed Downtown CORE program boundaries map

Map Legend:

- Darker blue – current primary service area
- Lighter blue – proposed adjusted primary service area
- Red outline – ad hoc engagement only

Service Area Description:

The program's current primary service area (shown in darker blue on the map) is bounded to the north by College Street and Carlton Street, to the east by Sherbourne Street, to the west by Bay Street and to the south by King Street.

The proposed adjustment to the service area (shown in light blue on the map) would increase the catchment north up to College Street/Wellesley Street/Dundonald Street/Monteith Street/Cawthra Square, east to Sherbourne Street, west to Bay Street, and South to Front Street.

The red outlined areas on the map would not be part of the primary service area but represent the locations where outreach and engagement would occur on an ad-hoc, as-needed basis:

- **Ad hoc engagement west of the primary service area:** Extends from Bay Street to University Avenue, south to Lake Shore Boulevard West, and includes Union Station. The northern boundary is College Street.
- **Ad hoc engagement north of the primary service area:** Extends north to Charles Street, bounded by Yonge Street on the west and Sherbourne Street on the east.
