

Councillor Jon Burnside
Ward 16 — Don Valley East

Toronto City Hall | 100 Queen Street West, Suite B33, Toronto ON M5H 2N2

February 2, 2025

Dear Members of the Infrastructure and Environment Committee,

This motion aims to amend the plans for 26ECS-RD-02RR which outlines a local road resurfacing along with the construction of a sidewalk on Tinder Crescent.

Tinder Crescent is a local road within the Victoria Village neighbourhood of Ward 16. This road serves both the pedestrians who live on the road, along with the cars driving onto their property. Both types of traffic on the road is highly local.

Tinder Crescent had been brought to the committee before on July 10th, 2025, for the initial removal of the sidewalk's construction. At that time, I requested the committee not to proceed so that I could consult further with the community. As a result of this consultation, I request that the project be amended to provide a sidewalk on one portion of Tinder Crescent while continuing with the scheduled road resurfacing.

It is recommended that:

The Infrastructure and Environment Committee recommends that City Council direct the Chief Engineer and Executive Director, Engineering and Construction Services and the General Manager, Transportation Services, to proceed with the new sidewalk construction project on Tinder Crescent on the north and east sides of Tinder Crescent between the walkway at 22 Tinder Crescent and Sloane Avenue [north leg] as part of the 26ECS-RD-02RR contract for local road resurfacing.

Sincerely,

A handwritten signature in black ink, appearing to be "JB", with a long horizontal flourish extending to the right.

Jon Burnside
Ward 16- Don Valley East
