Subject: [External Sender] Support for "Improving Davisville Avenue"
Date: June 9, 2026 2:27:06 PM

Dear Members of the Infrastructure and Environment Committee,

Thank you for the opportunity to participate in the Improving Davisville Avenue: Designing a Safer & More Beautiful Street Together project.

On behalf of Greenwood College School located at 443 Mount Pleasant Road, I am writing to express support for the Transportation Services recommendations in its report to the Infrastructure and Environment Committee. In particular, I am pleased to see the recommendation for:

- **Mount Pleasant Road & Davisville Avenue intersection**
 - Add traffic calming features, including measures to slow left turns, tighter corners to reduce turning speeds
 - Prohibit left turns from the laneway beside Mount Pleasant Parkette, next to Greenwood College School

I share concerns about the intersection after the tragic traffic fatality and several near-misses, and agree these measures will help to reduce volume of traffic in the intersection as well as dangerous driving in the area.

Thank you,

Heather Thomas
Principal, Head of School
