Re: IE31.5 Authority to Enter into an Extended Agreement with Parkrun Canada
for Nominal Permits to Hold a Community Running Program

Dear Chair Fletcher and committee members,

Walk Toronto would like to add its support to offering an extended agreement with nominal permitting to facilitate the Parkrun Canada weekend events.

Walk Toronto knows Parkrun to be a globally recognized charity that supports people of all ages, abilities and economic means. The weekend events are easily accessible and friendly to walkers, joggers, and runners alike. The program has been successful on several continents at creating community around a shared local experience of fresh air and movement. Toronto citizens can only benefit by encouraging the growth of the Parkrun events.

Sincerely,

Lee Scott, Walk Toronto Steering Committee info@walktoronto.ca
