Moved by: Deputy Mayor Malik

Seconded by: Councillor Fletcher

#### SUMMARY:

Toronto is getting new, faster, higher capacity, electric ferries to make the trip to Toronto Island Park even better.

A naming process for the two new ferries entering service in 2027 is underway. A shortlist of names is being put to a public vote, with a decision coming in May 2026. This process is considering non-commemorative names.

This motion requests staff to report back on a commemorative naming process for future ferries purchased by the City of Toronto.

#### RECOMMENDATIONS:

1. City Council direct the General Manager, Fleet Services to report back to Executive Committee by Q4 2027 on a commemorative naming process for future ferries purchased by the City of Toronto, in consultation with the local Councillor, consistent with the City of Toronto Property Naming Policy.
