

NOTICE OF MOTION

Exemption to Permit Parking Polling Requirements for Old Weston Road, between Davenport Road and St. Clair Avenue West

Moved by: **Councillor Bravo** _____

Seconded by: **Deputy Mayor Malik** _____

SUMMARY:

Residents on Old Weston Road, between Davenport Road and St. Clair Avenue West, have historically parked in front of their homes overnight and outside existing rush-hour restrictions. However, this segment of Old Weston Road is currently not located within a designated permit parking zone and is therefore subject to the unsigned three-hour parking limit for visitors.

Recently, a number of residents on this section of Old Weston Road received overnight parking tickets, resulting in significant concern and frustration within the community. Residents are requesting this section of the street be added to permit parking area 3D, noting that nearby streets are already included. Many households on this section do not have access to private parking, and many already hold valid 3D permits.

The local councillor's office, in coordination with local residents, is conducting a neighbourhood survey to confirm support for including this section of Old Weston Road in permit parking area 3D. This process will expedite consultation with affected residents and ensure all feedback is considered. An exemption to the permit parking bylaws requiring City-managed polling will enable future direction at the July meeting of Toronto and East York Community if residents are supportive of a change.

RECOMMENDATIONS:

1. City Council exempt the implementation of permit parking on Old Weston Road between Davenport Road and St. Clair Avenue West, from the requirements of subsection 925-4B of City of Toronto Municipal Code Chapter 925, Permit Parking, until such time as Toronto and East York Community Council considers a request for implementation of permit parking at that location.
