 Costing explaied for Subway Retractable Safety Barrier, by sharon Yetman.png

Dear Toronto City Council....
 Motion MM39.50.26

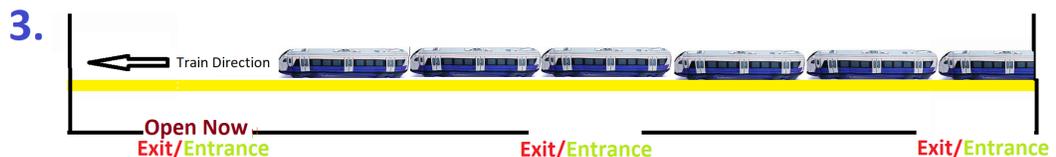

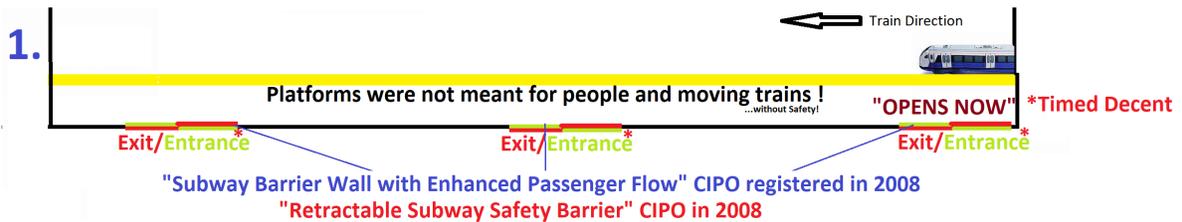

City clerk please make available the link for the public to be able to see a 4 billion dollar savings platform safety solution. Thank you.

<https://www.facebook.com/share/p/18PYNBhiGh/>

1.2.3.

Platform Safety Fixed in 2 years for 30 Million...

Instead of 4.1 Billion and 30 years from now !
 Click link to see how simple !

1.

Copyrighted

2.

As Simple as 1. 2. 3.
 6 High Speed Doors
 "Unique Non Edge Platform Safety"
 Invented in 2008 D.M. was Mayor
 by Sharon Yetman, CIPO registered

\$300,000 per station
 NOT \$5 Million per station
 AND YOU DO NOT NEED ATC!

3.

This Innovation strictly cannot be used without the written consent of Sharon Yetman.

Andy asked "How is this safety" I said.... "The train itself becomes your safety, while stopping!"

O'Grady would never meet with me

door \$2,000

Install \$ 200

Framing\$ 400

1 post (s&i)

1 header

Design Fee \$2,000

& Project mgmt

Contingency \$2,000

\$7,000 Installed

99% cheaper than

EDGE DOORS

NO ATC NEEDED

flow improved!

"Subway Retractable Safety Barrier"
