To the City Clerk:

Please add my comments to the agenda for the May 20, 2026 City Council meeting on item 2026.MM41.13, Toronto Island Bike Share Enhancements for the 2026 Season - by Deputy Mayor Ausma Malik, seconded by Councillor Paula Fletcher

I understand that my comments and the personal information in this email will form part of the public record and that my name will be listed as a correspondent on agendas and minutes of City Council or its committees. Also, I understand that agendas and minutes are posted online and my name may be indexed by search engines like Google.

Comments:

Please make this available publicly.

It would be good to direct staff to explore the following for the island bike share fleet:

- 1) the addition of child seats to bikes as seen in Singapore
- 2) the addition of accessible options and adaptable bikes to the system (especially the corals) as seen in Detroit
- 3) the addition of tandem bike shares (bikeshare already has one in its possession)
- 4) the addition of children's bikes, balance bikes, trikes and youth bikes

This should be a multi year effort to expand access on the island. Some of these options should then expand to the mainland system where possible.

Thank you to everyone who came to Bike to Work Day yesterday!

Commuting by bike is the best way to start the day!
