Matthew Green
North York Community Council
Toronto City Hall
100 Queen Street West
Toronto, ON M5H 2N2

Lowering Speed Limits in Residential Neighbourhoods- Parkwoods and Don Mills Neighbourhoods.

Dear Mr. Green,

Several residents have discussed speed limit concerns within their neighbourhood. The roads of concern are local roads with the speed limits of 50km/h, I wish to reduce this speed limit to 40km/h in conformity with other local roads in Don Valley East.

Reasons for implementing these speed limit changes include:

- The desire to reduce vehicle operating speed and improve pedestrian safety.
- The need for a consistent posted speed limit on local roads, where some may not have sidewalks.

Recommendation- North York Community Council reduce the speed limit from 50 km/hr to 40 km/hr on:

- Bushbury Drive, between Laurentide Drive and the west end of Bushbury Drive.
- Parmbelle Crescent, between Bushbury Drive and Laurentide Drive.
- Sandpiper Court, between Laurentide Drive and the south end of Sandpiper Court.
- Tetbury Crescent, between Laurentide Drive and Sandpiper Court.
- Spinney Court, between Laurentide Drive and the north end of Spinney Court.
- Barnwood Court, between Laurentide Drive and the south end of Barnwood Court.
- Alvarado Place, between Laurentide Drive and the north end of Alvarado Place.
- Larabee Crescent, between Laurentide Drive and the north end of Larabee Crescent.
- Groveland Crescent, between Three Valleys Drive (west intersection) and Three Valleys Drive (east intersection).
- Teal Court, between Groveland Crescent and the north end of Teal Court.
- Kestell Lane, between Three Valleys Drive and the south end of Kestell Lane
- Lacewood Crescent, between Three Valleys Drive (south intersection) and Three Valleys Drive (north intersection).
