Addressing Changes to Parking Provisions- 120 Dallimore, Community Bus Stop

Dear Mr. Green,

Multiple residents have contacted my office regarding a new community bus stop in front of 120 Dallimore. This stop removes approximately three on-street parking spaces to accommodate an accessible bus stop. While I understand the need for such a stop, the current implementation restricts on-street parking at all times through a “no stopping” bylaw, even though the community bus only operates Monday to Friday.

Given the limited schedule of the community bus, I propose amending the bylaw to apply “no stopping” restrictions only on weekdays. This change would allow visitors to park for up to three hours on weekends.

Reasons for changing the current ‘no stopping at all times’ provision:

- To allow for on-street parking during the weekend as the community bus stop will only be used Monday-Friday.

Recommendation:

- City Council prohibit standing, Monday to Friday, on the southside of Dallimore Circle, between a point 93 metres southwest of Haldenby Terrace (east intersection) and a point 21 metres further southwest.

Sincerely,

Jon Burnside
