Don Valley Parkway Sound Barrier Request- Dallimore Circle

Dear Mr. Green,

Residents living on Dallimore Circle have contacted my office requesting a sound barrier between their property and the Don Valley Parkway. I support this initiative, but recognize this highway is being uploaded to the province.

Therefore, I am requesting that the city ask the province to build a sound barrier once the transfer of land is completed.

Recommendation:

That City Council request the Minister of Transportation, following the transfer of the Don Valley Parkway to the Province, to consider the construction of a noise barrier along a portion of the west side of the Don Valley Parkway to mitigate noise impacts experienced by residents of Dallimore Circle.

Sincerely,

Jon Burnside
Ward 16, Don Valley East
