PROPOSAL

On July 22, 2022, Toronto City Council enacted By-law 1089-2022 to permit a 27-storey residential building containing 296 residential units while retaining the existing 21-storey rental building comprised of 167 rental dwelling units. In accordance with By-law 1089-2022, the owner is required to provide 790 square metres of interior space and 273 square metres of exterior space to be leased to the City for 99 years, and subleased to a non-profit childcare operator. This daycare facility would be secured through the Section 37 Agreement and is incorporated into the Section 37 provisions of By-law 1089-2022.

The Development Review Division at the City of Toronto has initiated a Zoning By-law Amendment to amend the Section 37 provisions of By-law 1089-2022 to provide the City with greater flexibility in the use, design, finishing and equipping of the future City facility secured through Section 37 provisions in the by-laws.
