From: Director, Enforcement & Street Management

Re: Traffic Calming – Highland Crescent (Ward 15, Don Valley West)

Transportation Services has been requested by a local Councillor to provide recommended wording for recommendations they plan to present in a motion to North York Community Council. Staff request that this memorandum accompany the member's submission.

Summary

- X Staff **support** the draft recommendations provided below
Staff **do not support** the draft recommendations provided below
Staff do not have sufficient data and/or time to determine if the draft
recommendations provided below can be supported by staff, at this time.

Draft Recommendations:

1. North York Community Council authorize the installation of traffic calming (eleven speed humps) on Highland Crescent, between Beechwood Avenue and Bayview Avenue, generally as shown in Drawing Nos. TC-775, TC-775-1, TC-776 and TC-776-1, dated June 2026, from the Director, Enforcement and Street Management, Transportation Services.

The Ward Councillor has requested staff to prepare the necessary documentation and supporting materials to seek Community Council approval for the installation of traffic calming measures (speed humps) on Highland Crescent, between Beechwood Avenue and Bayview Avenue.

The subject section of Highland Crescent is a 7-metre wide, two-way, local roadway with a 40 km/h speed limit.

Transportation Services recently completed a traffic calming study on Highland Crescent, between Beechwood Avenue and Bayview Avenue, that revealed the warrants for traffic calming are met. Specifically, the block length was greater than 120

metres and the 85th percentile speed was 51 km/h. However, there was insufficient time to prepare a report for the July 7, 2026 North York Community Council.

Staff conducted site visits in June 2026 to map the proposed speed hump locations.

Cost

This cost for eleven speeds humps on Highland Crescent, between Beechwood Avenue and Bayview Avenue is \$44,000.
