To: North York Community Council
From: Director, Enforcement and Street Management, Transportation Services
Re: Gladys Allison Place – Parking Amendment Motion Memorandum
Wards: Ward 18, Willowdale

Transportation Services has been requested by the local Councillor to provide recommended wording for recommendations they plan to present in a motion to North York Community Council. Staff request that this memorandum accompany the member's submission.

Summary

- ☒ Staff **support** the draft recommendations provided below
- ☐ Staff **do not support** the draft recommendations provided below
- ☐ Staff do not have sufficient data and/or time to determine if the draft recommendations provided below can be supported by staff, at this time.

Draft Recommendations

1. North York Community Council rescind the existing parking prohibition in effect at all times on the west side of Gladys Allison Place between Hollywood Avenue and a point 15 metres north of Hillcrest Avenue
2. North York Community Council rescind the existing parking prohibition in effect from 11:00 p.m. of one day to 9:30 a.m. of the next following day, on the west side of Gladys Allison Place between a point 15 metres north of Hillcrest Avenue and a point 15 metres south of Princess Avenue.
3. North York Community Council prohibit parking from 8:00 a.m. to 6:00 p.m., Monday to Friday on the west side of Gladys Allison Place between Hollywood Avenue and a point 20 metres south of Princess Avenue.
4. North York Community Council prohibit parking at all times on the west side of Gladys Allison Place between Princess Avenue and a point 20 metres south.

The Ward Councillor on behalf of local residents requested that the existing No Parking Anytime regulation on the west side of Gladys Allison Place be amended to No Parking 8:00 a.m. to 6:00 p.m., Monday to Friday. The change would be consistent with the regulations within the surrounding community and provide parking for those wanting to access the parks in the vicinity during evenings and weekends.

Cost

Staff have not been able to develop engineering estimates for this work but based on previous experience and similar work in the past, we expect the costs associated with approving the draft recommendations below will be approximately \$1000. As this work was not anticipated, it has not been specifically included in any approved budgets. Completion of the work would be subject to availability and competing priorities within future Transportation Services Operating Budgets, unless a specific funding source is identified by the councillor and approved by North York Community Council.
