Re: Traffic Calming – Carmichael Avenue (Ward 8, Eglinton Lawrence)

Transportation Services requested the local councillor to present a motion to North York Community Council recommending that the approved but not installed speed humps in front of 3 and 15 Carmichael Avenue be relocated to be in front of 4 and 17 Carmichael Avenue. There are conflicts at the approved locations. Staff request that this memorandum accompany the member's submission.

Summary

X Staff **support** the draft recommendations provided below
Staff **do not support** the draft recommendations provided below
Staff do not have sufficient data and/or time to determine if the draft
recommendations provided below can be supported by staff, at this time.

Draft Recommendations:

1. North York Community Council authorize the relocation of the two approved speed humps on Carmichael Avenue, between Kelso Avenue and Avenue Road, generally as set out in Drawing No. TC-509, dated June 2026, attached to the motion entitled "Carmichael Avenue - Speed Hump Relocation".

On June 4, 2025, North York Community Council adopted Item NY24.14 (Carmichael Avenue – Traffic Calming (Speed Humps)) to approve the installation of two speed humps. The City Council decision can be found at:

<https://secure.toronto.ca/council/agenda-item.do?item=2025.NY24.14>

Staff marking the approved locations prior to installation discovered conflicts that were not revealed previously. Alternate locations were found but must to be approved by North York Community Council. In order to not delay installation until 2027, staff requested the local councillor submit the subject member motion.

Cost

There is no additional cost associated with the approval of the alternate locations of the speed humps as they have not been installed at the approved locations.
