

## REPORT FOR ACTION

### 2125 Lawrence Avenue West - Inclusion on the Heritage Register

**Date:** January 20, 2026

**To:** Toronto Preservation Board

Etobicoke York Community Council

**From:** Senior Manager, Heritage Planning, Urban Design, City Planning

**Wards:** Ward 5 – York South - Weston

#### SUMMARY

---

This report recommends that City Council include 2125 Lawrence Avenue West on the City of Toronto's Heritage Register for its cultural heritage value and interest according to the Listing Statement (Reasons for Inclusion) found in Attachment 1.

The subject property at 2125 Lawrence Avenue West, City-owned facility is historically known as the Weston Lions Arena, is in the Weston neighbourhood on the south side of Lawrence Avenue, in Lions Park adjacent to the Humber River. It contains an ice-skating arena constructed c.1948-49 of concrete block with rugged-brick and simulated-stone main facade. A location map and current photograph of the property are found in Attachment 1.

The property recommended for inclusion on the City's Heritage Register has been researched and evaluated by staff using the criteria prescribed in Ontario Regulation 9/06 and meets one or more of the provincial criteria for determining cultural heritage value or interest and is believed to be of cultural heritage value or interest.

On January 1, 2023, amendments to the Ontario Heritage Act (the Act) through the More Homes Built Faster Act, 2022 (Bill 23) came into effect. Under the Act, as amended, a municipal heritage register may include properties that have not been designated but Council believes to be of "cultural heritage value or interest", and that meet one or more of the provincial criteria for determining whether they are of cultural heritage value or interest. The Act now also limits listing to a period of two years.

As of January 1, 2023, should a property be subject to an Official Plan Amendment, Zoning By-law Amendment and/or Draft Plan of Subdivision Application, properties must be listed on the heritage register prior to Part IV designation and before the occurrence of a prescribed event. A prescribed event is a point of time when the application for an Official Plan Amendment, Zoning By-law Amendment and/or Draft Plan of Subdivision

Application has been deemed complete and the City Clerk provides notice of that complete application to the public in accordance with the Planning Act.

The listing of non-designated properties on the municipal heritage register under the Act also extends interim protection from demolition and provides an opportunity for City Council to determine whether the property warrants conservation through designation under the Act should a development or demolition application be submitted.

Properties on the Heritage Register will be conserved and maintained in accordance with the Official Plan Heritage Policies. Heritage Impact Assessments (HIA) are required for development applications that affect listed properties.

November 12 and 13, 2025, City Council authorized the Executive Director, Corporate Real Estate Management, in consultation with the General Manager, Parks and Recreation, to negotiate and enter into a nominal lease agreement with MLSE LaunchPad.

## **RECOMMENDATIONS**

---

The Senior Manager, Heritage Planning, Urban Design, City Planning, recommends that:

1. City Council include 2125 Lawrence Avenue West on the City of Toronto's Heritage Register in accordance with the Listing Statement (Reasons for Inclusion) attached as Attachment 1 to the report (January 20, 2026) from the Senior Manager, Heritage Planning, Urban Design, City Planning.

## **FINANCIAL IMPACT**

---

City Planning confirms there are no financial implications resulting from the recommendations included in this report in the current budget year or in future years.

The Chief Financial Officer and Treasurer has reviewed this report and agrees with the information as presented in the Financial Impact Section.

## **DECISION HISTORY**

---

November 12 and 13, 2025 [City Council](#) adopted with amendments EX27.6 - Reimagining Weston Lions Arena through a Nominal Lease with MLSE LaunchPad <https://secure.toronto.ca/council/agenda-item.do?item=2025.EX27.6>

On April 23 and 24, 2025 City Council adopted Notice of Motion MM29.9 titled Working With MLSE Foundation to Explore Feasibility of Reimagining Weston Lions Arena. <https://secure.toronto.ca/council/agenda-item.do?item=2025.MM29.9>

## **POLICY AND REGULATION CONSIDERATIONS**

---

The conservation of cultural heritage resources is an integral component of good planning, contributing to a sense of place, economic prosperity, and healthy and equitable communities. Heritage conservation in Ontario is identified as a provincial interest under the Planning Act. <https://www.ontario.ca/laws/statute/90p13>

Further, the policies and definitions of the Provincial Planning Statement (2024) identify the Ontario Heritage Act as the primary legislation through which heritage evaluation and heritage conservation will be implemented.

[Provincial Planning Statement, 2024 \(ontario.ca\)](#)

Ontario Regulation 9/06 sets out the criteria for evaluating properties to be included in the Heritage Register under subsection 27 (1) of the Ontario Heritage Act. The criteria are based on an evaluation of design/physical value, historical and associative value and contextual value. A property may be included on the Heritage Register as a non-designated property if the property meets one or more of the provincial criteria for determining whether it is of cultural heritage value or interest.

<https://www.ontario.ca/laws/regulation/060009>

### **Official Plan**

The City of Toronto's Official Plan implements the provincial policy regime and provides policies to guide decision making within the City. It contains a number of policies related to properties on the City's Heritage Register and properties adjacent to them, as well as the protection of areas of archaeological potential. The Official Plan should be read as a whole to understand its comprehensive and integrative intent as a policy framework for priority setting and decision making. The Official Plan can be found here:

<https://www.toronto.ca/city-government/planning-development/official-plan-guidelines/official-plan/>

### **COMMENTS**

---

Identifying properties of cultural heritage value or interest is an essential part of a municipality's role in heritage conservation. Including non-designated properties in the municipal register is a means to identify properties that the City believes to have cultural heritage value or interest, and to provide the City with time to evaluate those properties for designation under the Ontario Heritage Act, should an application to demolish a listed property be submitted.

The subject property at 2125 Lawrence Avenue West contains an ice-skating arena constructed c.1948-49 of concrete block with rugged-brick and simulated-stone main facade.

The subject property has been identified as having design/physical, historical/associative, and contextual value. More detailed historical research conducted through

a future evaluation for designation under Part IV of the Ontario Heritage Act may determine additional cultural heritage values for the property.

### **Inclusion of (non-designated) properties on the City's Heritage Register**

Non-designated listed properties do not have any protection under the Ontario Heritage Act, except insofar as an owner must give Council at least 60 days' notice of their intention to demolish or remove a structure on the property. Properties that are listed on the City's Heritage Register are flagged for review by Heritage Planning staff once a demolition permit has been submitted and owners must follow established Notice requirements under the Ontario Heritage Act following this action.

Although inclusion on the Heritage Register as a listed property provides interim protection from demolition, it does not preclude an owner's ability to make exterior and interior alterations in the case when demolition or a development application is not involved.

Listing does not trigger maintenance requirements over and above existing property standards and it does not restrict altering, removing or adding any features on the property. It does not allow the City to withhold a building permit for non-demolition related alterations and it does not preclude a property from undergoing renovation.

A municipality is not required to consult with property owners or the public before including non-designated properties on the municipal register under the Act. The City's current practice, developed prior to Bill 23 amendments to the Act coming into effect, notifies property owners and invites them to attend the Toronto Preservation Board meeting to discuss the recommendation of a property's inclusion on the City's Heritage Register. There is also an opportunity for owners and the public to share concerns (in person or writing) when Community Council or Planning and Housing Committee considers a heritage related matter.

Short descriptive listings are prepared using a method by which properties are identified and recommended for inclusion on the Heritage Register. This approach to listing provides sufficient information to meet the requirements of Section 27 of the Act to list a non-designated property on the Heritage Register.

Brief statements, named "Reasons for Inclusion", are prepared for all recommended properties explaining why the property is believed to have cultural heritage value and how it meets one or more of the provincial criteria under O. Reg 9/06 providing a preliminary evaluation of the cultural heritage value or interest of the property. The description may include features of the property that may warrant conservation should the property be subject to development and/or further evaluated and determined to merit designation under Part IV of the Act. Location map and photographs are included in each Reasons for Inclusion.

Through Bill 108 and Bill 23, amendments were made to the Ontario Heritage Act to establish a process whereby owners can object to a property's listing on the Heritage Register and, should they do so, a subsequent decision on the listing must be made by the municipality. Owners can object to listings at any time. Chapter 103 of the Toronto

Municipal Code establishes the process for Council consideration of objections to properties included on the Heritage Register.

## **CONCLUSION**

---

Following research and evaluation of the property at 2125 Lawrence Avenue West according to Ontario Regulation 9/06, it has been determined that the property meets one or more provincial criteria and merit inclusion on the City's Heritage Register. The Listing Statement (Reasons for Inclusion) is included as Attachment 1.

## **ATTACHMENTS**

---

Attachment 1 – 2125 Lawrence Avenue West Listing Statement (Reasons for Inclusion)

**Listing Statement (Reasons for Inclusion)**

Staff have undertaken research and evaluation for the property at 2125 Lawrence Avenue West and believe that the property has cultural heritage value or interest and meets at least one or more of the criteria prescribed in Ontario Regulation 9/06 for including a non-designated property on a municipal register under Section 27 of the Ontario Heritage Act. The subject property may meet additional criteria, which could be informed by community engagement and determined through further research and evaluation.

**Listing Statement:**

Description: The City-owned property is in the Weston neighbourhood on the south side of Lawrence Avenue, in Lions Park adjacent to the Humber River. It contains an ice-skating arena building constructed c.1948-49 of concrete block with rugged-brick and simulated-stone main facade.

The property at 2125 Lawrence Avenue West, historically known as the Weston Lions Arena, has cultural heritage value as it meets the following criteria under Ontario Regulation 9/06 of the Ontario Heritage Act:

The property has design and physical value for being representative of a 1940s-era ice-skating-arena building type. The building is plainly finished being primarily constructed of concrete block with a rugged-brick and simulated stone main façade. A convex-shaped compass roof shelters the main portion of the building. Characteristic of arena typology, the interior is defined by its clear-span, unobstructed open space with its heavy-timber, open-truss roof system.

The property has historical value because it has direct associations with recreational activities in Weston since its opening in 1949. For more than 75 years the arena has offered activities and programming to the Weston community including various hockey teams, the Weston Figure Skating Club, recreational skaters and curlers and served as the home to the Weston Minor Hockey League.

The property is directly associated with the theme of community development of Weston in the immediate post-Second World War era. At the time of the property's construction, Weston was a separate community of 8,700 residents. The construction of the arena represented a major development in the growing community at the time. The property was constructed by the Weston Lions, a community-service organization, and primarily funded by local donations and local fund-raising efforts. Much of the work to complete the area comprised volunteer planning and labour. The property has been operated by the Weston Lions Club continuously since its completion as the club's main community service project.

The property has contextual value because it is historically linked to its surroundings. The property occupies part of what was formerly the Weston Fairgrounds and has historically been a place of recreation in the community. Since the 1800s the

fairgrounds have been the site of sporting event, conventions and the yearly Weston Fair, and continues to serve the recreational needs of the community as Lions Park.
