Planning and Housing Committee
Toronto City Hall,
100 Queen St. W,
Toronto M5H 2N2.
Attn: Nancy Martins

Re. PH27.12.

Mimico Lakeshore Community Network (MLCN) recognizes the need for housing. But we also understand that Toronto cannot function without employment lands. Residential taxpayers would rebel if they were asked to pick up the tab if numerous companies were to flee the City. Currently the western end of The Queensway features stores, retail businesses, a church, industries and other operations. Were the application to succeed, that would almost certainly lead to other applications. It is for those reasons and others that MLCN supports the staff recommendation that Council direct City staff to attend the Ontario Land Tribunal to oppose this application. Les Veszlenyi and Angela Barnes, co chairs of the MLCN.
