Re: Waldock Street - Parking Zones Adjustments, Re-opening Item SC28.24
(Ward 24, Scarborough - Guildwood)

Transportation Services has requested the Ward 24 Councillor to present the recommended wording to the February 19, 2026, Scarborough Community Council to re-open Item SC28.24, titled "Waldock Street - Parking Zones Adjustments". Staff request that this memorandum accompany the member's submission.

Summary

- Staff **support** the draft recommendations provided below
- Staff **do not support** the draft recommendations provided below
- Staff do not have sufficient data and/or time to determine if the draft recommendations provided below can be supported by staff, at this time.

Draft Recommendations

1. Scarborough Community Council Re-open Item SC28.24, titled "Waldock Street - Parking Zones Adjustments" with respect to Recommendations 1 and 2.
2. Scarborough Community Council delete Recommendations 1 and 2 of its decision on Item SC28.24 and adopt the following instead:
 1. Scarborough Community Council amend the existing school bus loading zone, in effect from 8:00 a.m. to 5:00 p.m., on the north side of Waldock Street, between a point 133 metres east of Galloway Road and a point 37 metres further east, to be in effect between a point 151.5 metres east of Galloway Road and a point 18.5 metres further east.
 2. Scarborough Community Council amend the existing maximum 30-minutes parking regulation, in effect from 8:00 a.m. to 4:00 p.m., Monday to Friday, on the north side of Waldock Street between a point 90 metres east of Galloway Road and a point 43 metres further east, to be in effect between a point 90 metres east of Galloway Road and a point 61.5 metres further east.

Scarborough Community Council, at its meeting on January 13, 2026, adopted Item SC28.24 - Waldock Street - Parking Zones Adjustments ([Agenda Item History - 2026.SC28.24](#)).

After adoption of this item, Transportation Services identified that the wording in Recommendation 1 omitted the reference to the north side of Waldock Street, and Recommendation 2 did not include the street name or specify the side of the street. As the original approval occurred less than one year ago, Council procedures require that the previously approved item be re-opened in order to amend parking regulations. Accordingly, to ensure that the correct by-law wording is adopted, Transportation Services is recommending that Item SC28.24 be reopened to make the necessary corrections to the recommendations' wording.

Financial Impact

The costs associated with the proposed parking amendments, as previously approved under SC28.24, remain unchanged.
