Re: All-Way Compulsory Stop Controls – Milne Avenue and Wolcott Avenue

July 9th, 2026

Dear Chair and Members,

BACKGROUND:

Residents in the surrounding neighbourhood have raised ongoing concerns about road safety at the intersection of Milne Avenue and Wolcott Avenue, particularly related to driver compliance with traffic rules, right-of-way issues, and the safety of pedestrians navigating the intersection. The area is close to vulnerable populations, including seniors, children, and families, making safety especially important.

Through consultation my office, residents have expressed support for stronger traffic safety measures at this intersection. The installation of all-way compulsory stop controls is intended to improve driver compliance, clarify right-of-way, and enhance safety for pedestrians and other vulnerable road users.

RECOMMENDATION:

It is recommended that:

1. Scarborough Community Council authorize an all-way compulsory stop control at the intersection of Milne Avenue and Wolcott Avenue.

Sincerely,

Parthi Kandavel
City Councillor
Ward 20 - Scarborough Southwest
