RE: DEAN PARK RD. TRAFFIC CALMING

Dear Scarborough Community Council,

This letter is a follow-up to the request of community members to implement traffic calming measures on Dean Park Road. Community members have asked our office for this. The recommendations to investigate the installation of speed humps and cushions is another step towards the introduction of additional traffic calming measures in an area that has a need for increased traffic safety.

Recommendations:

1. *Scarborough Community Council request the Director, Enforcement and Street Management, Transportation Services, to investigate the feasibility of installing traffic calming measures on Dean Park Road, between Sheppard Avenue East and Meadowvale Road, and report back to Scarborough Community Council in Q2 2027.*

Neethan Shan

City Councillor, Ward 25 – Scarborough-Rouge Park
