RE: DANZIG ST. TRAFFIC CALMING

Dear Scarborough Community Council,

This letter is a follow-up to the request of community members to implement traffic calming measures on Danzig Street. Staff have completed the necessary drawings for the installation of speed humps. Community members have asked our office for this, and our office surveyed the residents who live on the road who are fully supportive. The recommendations to install speed humps and cushions is another step towards the introduction of additional traffic calming measures in an area that has a need for increased traffic safety.

Recommendations:

- 1. Scarborough Community Council authorize the installation of traffic calming (six speed humps) on Danzig Street, between Morningside Avenue and Deekshill Drive, generally as shown in Attachments 1 and 2, Drawing Nos. TC-742 and TC-742-1, dated June 2026, from the Director, Enforcement and Street Management, Transportation Services.*
- 2. Subject to approval of Recommendation 1 above, Scarborough Community Council reduce the speed limit from 50 km/h to 30 km/h on Danzig Street, between Morningside Avenue and Deekshill Drive, in conjunction with the installation of speed humps.*

Neethan Shan

City Councillor, Ward 25 – Scarborough-Rouge Park
