Dear Scarborough Community Council Members,

I'm writing to share my support for the redevelopment proposed by Extendicare for 60 Guildwood Parkway.

Our building is over 50 years old and things are always in need for repair. The elevator is always breaking down and that is not safe for everybody especially the residents. In terms of programs for the residents, they need more rooms such as Snoezelen room, a huge patio area so we can accommodate more residents and bring entertainment outside, it's own meeting room so our activity room isn't bothered and shared for meetings, a theater would be nice, a chapel would be awesome for all religions to do their services and many more. Also, bigger staff room for breaks, more lockers for staff. Families at the front can have their own gathering area with coffee, tea etc.

In terms of admissions, there is a huge population and baby boomers keeps growing. There is no more room especially in Guildwood area to place these poor souls. There needs to be more long term care and one with a bigger census will help.

I strongly encourage Scarborough Community Council to support this project and help ensure residents in my community have access to high-quality long-term care close to home.

Thank you for your time.

STAY SAFE,
Eric Lo R/TRO
