## **TTC Summerhill Construction Staging**

Dear Toronto and East York Community Council members:

### **SUMMARY:**

I am requesting that Toronto and East York Community Council add the attached report on the TTC Summerhill Constructions Staging to the agenda as a new business item.

For safety reasons, the TTC must install second exits at its existing subway stations. Work on the second exit at the Summerhill Station is ready to begin, but requires a construction staging area.

Tuesday 13 January 2026

A handwritten signature in black ink that reads "D Saxe". The signature is fluid and cursive, with the first name "D" and last name "Saxe" clearly legible.
