Ossington Parking and Traffic Review

Dear Toronto and East York Community Council members:

SUMMARY:

Transportation Services and Deputy Mayor Malik are considering changes to Ossington between Dundas and Queen, which will allow parking 24/7 on both sides, add pedestrian bump outs, and reduce live traffic to one lane in each direction. These changes will have knock on effect on Ossington traffic north of Dundas.

Some residents in the area north of Dundas have also requested that parking be permitted during rush-hour in order to provide a safety buffer between pedestrians and moving vehicles, particularly in the vicinity of schools.

In light of the changes being made to Ossington south of Dundas, and after consultation with Councillor Bravo, I request Transportation Services to review whether any traffic, sidewalk and parking changes ought to be made on Ossington between Dupont and Dundas.

Recommendation:

1. Toronto and East York Community Council direct the General Manager, Transportation Services, in consultation with the TTC, to report in Q1 2027 to the Toronto and East York Community Council with recommendations concerning pedestrian safety, traffic, and parking on Ossington Street between Dupont Street and Dundas Street.

A handwritten signature in black ink that reads "D Saxe". The letters are fluid and cursive, with a large, looping initial "D" and "S".
