RE: Exclusion of Bloor-Dufferin from On-Street Residential Permit Parking

Dear Chair and Members of Toronto and East York Community Council,

I am requesting that the development at the Bloor-Dufferin site be excluded from the on-street permit parking program.

Excluding new developments from on-street permit parking helps manage the parking supply and encourages residents to adopt more sustainable transportation options such as walking, cycling, and transit. This aligns with the City's broader goals to reduce congestion and lower emissions, and the expectation that all new developments provide parking to address the demand they generate.

RECOMMENDATIONS

1. City Council request the General Manager, Transportation Services, to review and report back on the feasibility of amending Schedule B of the City of Toronto Municipal Code Chapter 925, Permit Parking, to exclude the development located at 980 Dufferin Street and 1141 Bloor Street West Street from Permit Parking.

Sincerely,

Alejandra Bravo
City Councillor
Ward 9, Davenport
