Related Planning Application Number: 25 265180 STE 13 OZ; 25 265168 STE 13 SA

SUMMARY

This report recommends approval of a Rental Housing Demolition application which proposes to demolish 32 rental dwelling units located at 30-32 and 38-40 Huntley Street and 120-124 Isabella Street. The 32 rental units are proposed to be replaced as part of the new development on the site. The proposal includes a Tenant Assistance Plan that addresses the right of existing tenants to return to replacement rental units at similar rents and provides financial compensation to mitigate hardship.

The proposed development on the site at 30-34 and 38-40 Huntley Street, 112-124 Isabella Street, and a Portion of 1 Mount Pleasant Road is the subject of a related Official Plan and Zoning By-law Amendment application (25 265180 STE 13 OZ). The proposed development would permit two residential buildings, a 56-storey south tower and a 60-storey north tower. The two towers would contain a total of 1,419 dwelling units, including 32 rental replacement units. An approval report for the Official Plan and Zoning By-law Amendment application has been advanced concurrently with this Rental Housing Demolition application approval report.

This report also recommends approval of the Residential Demolition Permit under Chapter 363 of the Toronto Municipal Code, subject to conditions.

THE SITE

Description

The site has an area of approximately 3,831 square meters and is located east of Jarvis Street and south of Bloor Street East (see Attachment 1: Location Map).

The site has 9 existing buildings: 4 multiplex houses and 5 detached townhouses. In total there are 4 owner-occupied dwelling units, 32 rental dwelling units, and 7 commercial-use units. All units are vacant except for 3 rental units and 6 commercial units.

Existing Rental Housing

There are 32 rental dwelling units in the buildings at 30-32 and 38-40 Huntley Street and 120-124 Isabella Street. Two of the rental units in 32 Huntley Street and one of the rental units in 40 Huntley Street are currently occupied. Utilities are included in rent and tenants do not have parking or storage.

THE APPLICATION

Description

The Rental Housing Demolition application proposes the demolition of 32 rental dwelling units within the existing buildings at 30-32 and 38-40 Huntley Street and 120-124 Isabella Street. A related Official Plan and Zoning By-law Amendment application proposes to permit the development of two residential buildings (a 56-storey south tower and a 60-storey north tower) with a total of 1,419 dwelling units (including 32 replacement rental units). The replacement rental units will be in the first building constructed, which is currently proposed to be the north tower.

Replacement Rental Units

The total gross floor area of the 32 replacement rental units is 1,496 square metres, which is 100% of the gross floor area of the existing rental units proposed to be demolished.

The 20 existing studio units will be replaced with 7 studio units and 13 one-bedroom units. The remaining rental units will be replaced with units of the same type. The replacement unit mix and rent classifications are outlined in Table 2 below.

Table 2: Replacement Rental Dwelling Units and Rent Classifications

Unit Type	Affordable	Mid-range (moderate)	Total
Studio	7	0	7
One-bedroom	22	0	22
Two-bedroom	2	0	2
Three-bedroom	0	1	1
Total	31	1	32

Tenant Assistance Plan

A Tenant Assistance Plan that addresses tenants' right to return to a replacement unit and assistance to lessen hardship will be provided to all eligible tenants residing in the existing rental dwelling units. Tenant assistance is provided to tenants upon move-out, after they receive a formal eviction notice.

All tenants, regardless of when they moved in, will receive the following:

- at least six months' notice before having to vacate their existing dwelling unit;
- compensation equal to three months' rent, pursuant to the Residential Tenancies Act (RTA); and
- additional compensation for tenants with special needs, as determined by the Chief Planner.

Eligible tenants—those tenants who moved in prior to the Rental Housing Demolition application being submitted—will receive the following additional assistance:

- the right to return to a rental replacement unit of the same type, at similar rent;
- rent gap assistance to assist tenants in paying market rents for the period between when they move out and can return, estimated at 36 months;
- additional rent gap assistance if tenants cannot return as scheduled;
- move-out and move-back moving allowances; and,
- services of a rental leasing agent to help tenants find and apply to suitable interim housing.

Two long-term tenants have been paying reduced rent in exchange for providing property maintenance services. Both of these tenants are being considered as eligible tenants due to their long tenancy and lack of formal employment contract, and will have the right to tenant assistance and a replacement rental unit. The rent gap assistance and replacement unit rent for these two tenants will be based on their last known full-rate rent plus applicable Ontario annual guideline rent increases.

Reasons for Application

The proposal to redevelop the site involves the demolition of rental housing. Since the site contains six or more residential units, of which at least one unit is rental housing, an application is required under Chapter 667 of the City's Municipal Code, the Rental Housing Demolition and Conversion By-law. The By-law requires that an applicant obtain a permit from the City allowing the demolition of the existing rental housing units. The City may impose conditions that must be satisfied before a demolition permit is issued.

A Rental Housing Demolition application was submitted on December 11, 2025. Staff conducted a site visit on January 19, 2026, and a tenant meeting on May 26, 2026, details of which are summarized in the Public Engagement section of this report. The final replacement rental floor plans are illustrated in the plans submitted to the City Planning Division dated May 20, 2026. Any revision to these plans shall be to the satisfaction of the Chief Planner and Executive Director, City Planning.

The related Official Plan and Zoning By-law Amendment (25 265180 STE 13 OZ) and Site Plan (25 265168 STE 13 SA) applications were submitted on December 11, 2025.

POLICY AND REGULATION CONSIDERATIONS

Provincial Land-Use Policies

All decisions of Council in respect of the exercise of any authority that affects a planning matter shall be consistent with the Provincial Planning Statement (2024), and shall conform to provincial plans.

Official Plan

The Official Plan outlines the City's policies and objectives for land use planning and development. Section 3.2.1 of the Official Plan contains the City's policies pertaining to the provision, maintenance and replacement of housing.

Policy 3.2.1.6 requires that new development that would result in the loss of six or more rental dwelling units replace at least the same number, size and type of rental units as exist on the site and maintain rents similar to those in effect at the time of application. The policy also requires the applicant to develop an acceptable tenant assistance plan, addressing the right to return to the replacement units at similar rents and other assistance to lessen hardship.

The City's [Rental Housing Demolition and Replacement Handbook](#) outlines how Policy 3.2.1.6 is typically implemented.

PUBLIC ENGAGEMENT

Tenant Meeting

An in-person meeting was held on May 26, 2026, to review the City's housing policies, the impact of the proposed demolition on existing tenants, and the proposed Tenant Assistance Plan. The meeting was attended by 3 tenants, representatives of the applicant, City Planning staff, and a representative of the local councillor's office. Tenants also submitted written correspondence with additional questions.

Tenants asked questions and expressed concerns about the:

- Eligibility for tenant assistance and the right to return;
- Construction timeline and when tenants would need to move out;
- Location of replacement rental units in the proposed building;
- Process for selecting replacement rental units;
- Financial compensation under the City-approved Tenant Assistance Plan;
- Method to calculate the rent of the replacement rental units; and
- Ability to request a replacement unit of a different unit type.

COMMENTS

Provincial Planning Statement and Provincial Plans

Staff's review of this application has had regard for the relevant matters of provincial interest set out in the Planning Act. Staff have reviewed the current proposal for consistency with the PPS (2024). Staff find the proposal consistent with the PPS (2024).

Replacement Rental Housing

Staff are satisfied with the proposed approach to replacing the rental dwelling units that are proposed to be demolished, which includes replacement of all 32 existing rental dwelling units. The proposal to replace 6 affordable and 7 mid-range (affordable) studio units with 13 affordable one-bedroom units represents an improvement to unit functionality while also securing similar rents to the units proposed for demolition.

The replacement rental units will be provided with ensuite laundry facilities and central air conditioning, which represents an improvement over the existing rental housing units. Tenants of the replacement rental units will also have access to bicycle parking, visitor parking, and all indoor and outdoor amenities, on the same terms and conditions as any other resident of the north building.

The replacement units will be maintained as rental housing for at least 20 years, beginning on the date the replacement rental units are first occupied, and tenants that occupy one of the replacement rental units during the initial 10-year period will have rents that will only increase by the annual provincial guideline until their tenancies end, irrespective of whether the Guideline applies to the proposed development under the RTA.

The replacement rental units and associated conditions address the replacement requirements of Official Plan policy 3.2.1.6 and are consistent with the City's implementation approach as outlined in the Rental Housing Demolition and Replacement Handbook.

Tenant Assistance Plan

The Tenant Assistance Plan is consistent with the City's current practices as outlined in the [Rental Housing Demolition and Replacement Handbook](#). The Tenant Assistance Plan will support tenants to access and afford suitable housing within the neighbourhood until the new building and replacement rental units are available for occupancy. Staff are satisfied with the approach to provide tenant assistance and a right to return to a replacement rental unit to the tenants who currently pay reduced rents.

The rental replacement matters and tenant assistance plan will be secured through an agreement pursuant to Section 111 of the City of Toronto Act, 2006, to the satisfaction of the Chief Planner and Executive Director, City Planning.
