Re: Traffic Calming – Denison Avenue, between Queen Street West and Wolseley Street

Dear Members of the Toronto East York Community Council,

The Queen Street West BIA contacted my office to report concerns about motorists speeding as they exit the neighbourhood onto Queen Street West. In response, my office worked with City staff to assess the feasibility of implementing traffic calming measures, including speed humps, on Denison Avenue between Queen Street West and Wolseley Street. This area experiences significant pedestrian and cyclist activity due to nearby destinations such as St. Stanislaus Kostka Church, TPA Municipal Carpark Lot #106, Randy Padmore Park, local businesses along Queen Street West, and surrounding residential neighbourhoods.

Recommendations:

1. Toronto and East York Community Council authorize the installation of traffic calming (one speed hump) on Denison Avenue, between Queen Street West and Wolseley Street, generally as shown on the attached Drawing No. TC-738, dated June 2026, from the Director, Enforcement and Street Management, Transportation Services.

A handwritten signature in black ink that reads "Ausma Malik".

Ausma Malik
Deputy Mayor
City Councillor, Ward 10, Spadina-Fort York
