RE: Installation of Traffic Calming Measures on Muir Avenue

Dear Chair and Members of Toronto and East York Community Council,

Muir Avenue is an important local route located south of Dufferin Mall and runs west from Dufferin Street. I have heard from residents on Muir Avenue who have shared concerns about speeding vehicles and dangerous driving that are impacting safety. Residents have shared their experiences with near accidents and have requested urgent traffic safety improvements.

In a neighbourhood survey my office hand-delivered to homes, residents voted in support of traffic calming measures in response to these issues. Traffic calming measures are already in place on nearby streets, and this additional installation on Muir Avenue will support existing improvements. These measures will help reduce speeding, reduce cut-through traffic, and improve safety for all who are driving, cycling, or walking.

RECOMMENDATIONS

It is recommended that:

1. Toronto and East York Community Council authorize the installation of traffic calming (four speed humps) on Muir Avenue, between Brock Avenue and Dufferin Street, generally as shown on the attached Drawing No. TC-719, dated May 2026 from the Director, Enforcement and Street Management, Transportation Services.
2. Toronto and East York Community Council rescind the parking prohibition in effect from the 16th day to the last day of each month, from April 1 to November 30, inclusive on the north side of Muir Avenue, between Harvie Avenue and Dufferin Street.
3. Toronto and East York Community Council prohibit parking to be in effect from the 16th day to the last day of each month, from April 1 to November 30, inclusive, on the north side of Muir Avenue, between Brock Avenue and Dufferin Street.

Sincerely,

Alejandra Bravo
City Councillor
Ward 9, Davenport
