RE: Atlas Avenue Traffic Calming

Dear Chair and Members of Toronto and East York Community Council,

I am kindly asking for your support of my motion to authorize the installation of traffic calming (speed humps) along Atlas Avenue, between Dundurn Crescent and Earlsdale Avenue.

Residents of Atlas Avenue submitted a petition to my office requesting the installation of speed humps to help reduce speeding, discourage cut-through traffic and improve the safety of their street.

Atlas Avenue is one of the few north-south streets in the neighbourhood without speed humps, and is regularly used by commuters and trucks as a means of avoiding traffic calming on neighbouring streets and congestion on Oakwood Ave.

With the passage of this motion, the community will receive the traffic calming measures they have been organizing for.

RECOMMENDATION:

It is recommended that:

1. Toronto and East York Community Council authorize the installation of traffic calming (three speed humps) on Atlas Avenue, between Dundurn Crescent and Earlsdale Avenue, generally as shown on the attached Drawing No. TC-772 and No. TC-772-1, dated June 2026 from the Director, Enforcement and Street Management, Transportation Services.

Sincerely,

Councillor Josh Matlow
City Councillor
