Accessible Loading Zone Mavety Street South of Dundas Street West

Dear Chair and Members of the Toronto and East York Community Council,

A request for an accessible parking space to accommodate a request on Dundas St. W. was reviewed by Transportation Services.

Transportation Services seek approval to install a designated on-street accessible parking space on neighbouring Mavety St instead of Dundas St. W. to avoid the parking restrictions on Dundas Street W.

The installation of the proposed on-street accessible parking space will result in the loss of one pay-and-display parking space on Mavety St. Transportation Services have determined that this change will have minimal impact on local parking demands. This installation will improve accessibility for neighbouring residents with mobility needs by providing a designated accessible parking space.

Transportation Services also detected inconsistencies in the traffic by-law related to the current signed parking regulations along the subject section of Mavety Street. When pay-and-display parking was implemented on Mavety Street, the maximum one-hour parking signs were removed and replaced with pay-and-display parking signage. However, the corresponding maximum one-hour parking by-law was not rescinded, resulting in an inconsistency between the traffic by-law and the current signed parking regulations. These inconsistencies will be resolved with Recommendation 2.

I am recommending that:

1. *Toronto and East York Community Council designate an on-street accessible parking space to be in effect at all times on the east side of Mavety Street, between a point 30 metres south of Dundas Street West and a point 5.5 metres further south.*
2. *Toronto and East York Community Council rescind the existing maximum one-hour parking regulation in effect at all times, on both sides of Mavety Street, between Annette Street (west intersection) and Dundas Street West.*

Please see attached technical document for full details.

Sincerely,

Gord
