Re: Old Weston Road – Parking Amendments (Ward 9, Davenport)

Transportation Services has been requested by the Ward 9 Councillor to provide recommended wording for recommendations they plan to present to the July 8 and 9, 2026, Toronto and East York Community Council. Staff request that this memorandum accompany the Councillor's letter.

As the Toronto Transit Commission (TTC) operates a transit service on Old Weston Road, City Council approval of the recommendations in this memorandum is required.

The Councillor's office, on behalf of residents, has requested Transportation Services to review the feasibility of increasing the parking availability on Old Weston Road, between S.A.D.R.A Park and Ed Clark Gardens. Additional on-street parking spaces would benefit nearby residents of Ed Clark Gardens and the public when accessing the park or businesses on St. Clair Avenue West. A site visit was conducted in May 2026.

Currently, there is a stopping prohibition in effect at all times on the east side of Old Weston Road, between a point south of Ed Clark Gardens and the north side of the park. This no stopping area was originally implemented in 1999 to prevent motorists from parking/vending curbside and creating operational and safety issues when visiting the Toronto West Flea Market. Now that the Toronto West Flea Market is no longer operational, Transportation Services can support reducing the length of the stopping prohibition that operates at all times to the park frontage to enhance visibility of

pedestrians in the sidewalk area. The remainder of the stopping prohibition area can be reduced to rush hour parking and stopping prohibitions, consistent with the adjacent segments of Old Weston Road. The parking amendments should increase parking availability by approximately five spaces on the east side of Old Weston Road, south of the park, outside of the rush hour prohibitions. These changes are addressed in Recommendations 1 to 7.

In addition, the Councillor's office has received community support requesting the implementation of permit parking on the east (odd) side of Old Weston Road, from Davenport Road to St. Clair Avenue West, to support the needs of nearby residents. This will provide approximately 25 permit parking spaces. This change is addressed in Recommendation 8.

Transportation Services also detected inconsistencies in the traffic by-law related to the current signed parking regulations on Old Weston Road. These inconsistencies will be resolved with Recommendations 9 to 17.

Financial Impact

Staff have not been able to develop engineering estimates for this work, but based on previous experience and similar work in the past, we expect the costs associated with approving the above draft recommendations will be approximately \$3,200.00. As this work was not anticipated, it has not been specifically included in any approved budgets. Completion of the work would be subject to availability and competing priorities within future Transportation Services Operating budgets, unless a specific funding source is identified by the Councillor and approved by City Council.
