## Re: Wellington Place Neighbourhood Traffic Study

Dear Members of Toronto and East York Community Council,

My office has heard from residents and the Wellington Place Neighbourhood Association about the need for a comprehensive analysis of how the many transit and transportation projects in the area are working together to achieve their intended objectives, including improved safety, effective congestion management, and fast, reliable transit service in a clear and transparent manner.

### Recommendations:

1. Toronto and East York Community Council request the General Manager, Transportation Services to conduct a transportation analysis of the Wellington Place neighbourhood and the recent traffic pattern changes on Portland Street, including impacts on Front Street, Bathurst Street and Spadina Avenue, and report back to Toronto East York Community Council in Q1 2027.

Ausma Malik  
Deputy Mayor  
City Councillor, Ward 10, Spadina-Fort York
