RE: 2026.TE29.48 - Dufferin Street and St. Clair Avenue West Action Plan

Dear Councillors:

The Northcliffe Village Residents' Association fully supports Councillor Bravo's list of recommendations to improve the intersection of Dufferin St. and St. Clair Ave. West.

As our residents' association borders this intersection, we see first hand what is happening and communicate our concerns to Councillor Bravo.

If fully implemented, these ideas will make the area far more pleasant and lively, benefitting not only the people of our neighbourhood but anyone visiting or passing through this important transit hub.

We strongly urge the Toronto and East York Community Council to approve agenda item TE29.48 at its meeting on February 19, 2026.

We would like to thank Councillor Bravo for this initiative.

Yours truly,

Duarte (Duey) Esteireiro- Chairperson
Northcliffe Village Residents' Association
