F. Refusal/appeal.

The applicant shall support their request for a review with evidence showing that they have no option other than to park on-road, or that they meet the criteria for a higher priority. If the review does not result in a different decision by the General Manager, the applicant shall be entitled to make an appeal to the Council.

G. Allocation of permits.

The General Manager shall allocate the available permit spaces for each road designated in Schedule A which is not in a permit parking area, or in respect of a permit parking area as follows:

The General Manager shall only be required to issue up to the number of permits as determined under § 925-4E.
- (2) If there are any permits available after the priority 1 permits are issued, priority 2 permits may be issued. Each wait list shall set out the valid applications in each of priorities 1, 2 and 3 and shall rank them in order based on the date of the application, from the earliest to the most recent.
- (2) Where a permit parking space becomes available during a permit parking term, the General Manager shall notify the applicant at the top of the priority 1 wait list for the road or permit parking area, as the case may be, of the availability of the space. The applicant shall have 21 days to claim the space, pay the appropriate fee

TORONTO MUNICIPAL CODE
CHAPTER 925, PERMIT PARKING

and have a permit issued. If the notified applicant fails to claim the space or pay the fee, the General Manager shall notify the next highest ranked person on the wait list, and shall continue to do so until a permit is issued in respect of the available space.

- (3) If no priority 1 applicant claims the space, the General Manager shall offer it to the highest ranking applicant on the priority 2 list. The applicant shall have 21 days to claim the space, pay the appropriate fee and have a permit issued. If the notified applicant fails to claim the space or pay the fee, the General Manager shall notify the next highest ranked person on the wait list, and shall continue to do so until a permit is issued in respect of the available space.
- (4) If no priority 2 applicant claims the space, the General Manager shall offer it to the highest ranking applicant on the priority 3 list. The applicant shall have 21 days to claim the space, pay the appropriate fee and have a permit issued. If the notified applicant fails to claim the space or pay the fee, the General Manager shall notify the next highest ranked person on the wait list, and shall continue to do so until a permit is issued in respect of the available space or until there are no more applicants on a wait list.
- (5) Any applicant who is offered a space and either declines, fails to claim the space in the time required, or fails to pay the fee shall have their name deleted from the wait list.

I. Renewal terms and revocation.

- (1) At the end of each permit parking term the General Manager shall determine if there is a wait list in respect of a road designated in Schedule A which is not in a permit parking area, or in respect of a permit parking area.
- (2) If there is a wait list in respect of priority 1 applications and priority 3 or priority 2 permits have been issued, the General Manager shall determine how many spaces that are currently assigned to priority 3 and priority 2 applications are needed to accommodate those on the priority 1 wait list. The General Manager shall notify a sufficient number of priority 3 and priority 2 permit holders, in the order set out below, that their permits will be cancelled and their fees will be refunded, and the General Manager shall make those spaces available to those on the priority 1 wait list.
- (3) Under § 925-5I(2), the General Manager shall, in order to accommodate those on the priority 1 wait list, first notify those priority 3 permit holders whose permits were issued most recently, and continue to so notify priority 3 permit holders continuing with the next most recently issued permits until sufficient spaces for those on the priority 1 wait list have been made available.
- (4) If there are insufficient priority 3 permit holders to accommodate all of those applicants on the priority 1 wait list, the General Manager shall notify, under

TORONTO MUNICIPAL CODE
CHAPTER 925, PERMIT PARKING

§ 925-5I(2), those priority 2 permit holders whose permits were issued most recently, and continue to so notify priority 2 permit holders continuing with the next most recently issued permits.

- (5) If, after having cancelled all priority 3 and 2 permits there remain applicants on the priority 1 wait list, then the wait list shall be maintained for the next permit parking term.
- (6) If at the end of a permit parking term there is no priority 1 wait list, but there is a wait list in respect of priority 2 applications and priority 3 permits have been issued, the General Manager shall determine how many spaces that are currently assigned to priority 3 applications are needed to accommodate those on the priority 2 wait list. The General Manager shall notify a sufficient number of priority 3 permit holders, in the order set out below, that their permits will be cancelled and shall make those spaces available to those on the priority 2 wait list.
- (7) Under § 925-5I(6), the General Manager shall, in order to accommodate those on the priority 2 wait list, first notify those priority 3 permit holders whose permits were issued most recently, and continue to so notify priority 3 permit holders continuing with the next most recently issued permits until sufficient spaces for those on the priority 2 wait list have been made available.
- (8) If, after having refused the renewal of all priority 3 permits there remain applicants on the priority 2 wait list, then the wait list shall be maintained for the next permit parking term.
