Whereas the Council of The Corporation of the City of Toronto has caused to be served upon the owners of the lands and premises known as 1975 and 1975A Queen Street East and upon the Ontario Heritage Foundation notice of intention to so designate the aforesaid real properties and has caused such notice of intention to be published in a newspaper having a general circulation in the municipality once for each of three consecutive weeks; and

## SCHEDULE "B"

Reasons for the designation of the Properties at 1975 and 1975A Queen Street East (John Wright):

The properties at 1975 and 1975A Queen Street East are designated on architectural grounds. The house was built originally as a residence for John Wright, c.1903, and a storefront addition was added along Queen Street East about 1925. The house, designed in the Queen Anne style, is a good example that was characteristic of the Beaches area at the turn of the century. Important features of the asymmetrically designed stone house include the form, roof, entrance, verandah, various window types, and the clapboard and shingle sheathing. Features of the c.1925 storefront addition are the brickwork, terra cotta details, corner entrance with transom and canopy, signboard, raised brick piers and modified pediment over the entrance. The store addition is an early and significant alteration which sympathetically handles a corner transition from commercial on Queen Street East to residential along Waverley Road.
