

**MEMBER OF COUNCIL REPORT
ON OUT-OF-PROVINCE CONFERENCE**

(To be circulated to standing committees and posted on the internet)

Shelley Carroll

Name of Member of Council: _____

Name of Conference: Walk 21

Location: Hong Kong

Date(s) Attended: October 2, 2016 – October 6, 2016

I confirm I attended the following sessions (please use additional sheet if required):

| DATE | TIME | NAME OF SESSION |
|----------|--------|--|
| Oct 2/16 | | TRAVEL |
| Oct 3/16 | 9:00 | Opening Plenary & Plenary Panel |
| | 11:00 | Workshops til 2:30 Lunch |
| | 2:00 | Workshops til 4:30 |
| Oct 4/16 | 9:00 - | Plenary & Workshop until 3:30 |
| | 3:30 - | left to go see Public Realm features discussed in Workshops. |
| Oct 5/16 | 9:00 | Plenary & Workshops until 4:00 |
| | 4:00 - | left to visit "The Nest of Cap. 8" |
| Oct 6/16 | 9:00 | Public Forum @ Peter Newman |
| | 1:00 | left to spend afternoon & dinner with The Nasbitt Centre Director & Wendy Nasbitt Founder. |

Walk21 Hong Kong Conference

Walking and Liveable Communities

3-7 October 2016

Programme

Walk21 Hong Kong

XVII International Walk21 Conference on
Walking and Liveable Communities
3-7 October 2016

COME WALK WITH US!

WALK21 and Civic Exchange invite you to join us at Asia's first Walk21 Conference. Here you will learn how "pedestrian-first" environments promote economic growth, social inclusion and general health. In addition, you will understand how Hong Kong is championing urban walkability to bolster the overall wellbeing of its citizens.

Secure your place and be part of an international gathering of world-class speakers and delegates who span a number of disciplines including city mayors, industry specialists, chief executives, civil society organizations and leading academics.

Don't miss out on this unique opportunity to share international best-practice and to join in the discussion that can influence local policy agendas, urban design, and planning.

REGISTER NOW FOR WALK21 HONG KONG

www.walk21hk.com

Partner, network, collaborate, make a difference – this Conference is essential for government officials, transport operators, property developers, business executives, tourism promoters, technology service providers, healthcare practitioners, academics and urban planners. We look forward to seeing you in October!

HIGHLIGHTS

Walking Between Layers

Creating a walkable environment in densely populated and vertical cities

Walking Benefits

Creating an age-friendly, socially inclusive, safe, low-carbon and resilient environment

Walking Smart

Using information and technology to enhance walking

Walking Together

Nurturing partnerships and dialogue among policy makers, business leaders, local communities and stakeholders

WALK21 HONG KONG CONFERENCE | DAY-BY-DAY

Day 1 | 3 October

Making a City Walkable2

Day 2 | 4 October

People at the Heart of a Walking City.....4

Day 3 | 5 October

Innovation and Ideas for Implementing Walkability8

Day 4 | 6 October

Hong Kong Jockey Club Public Forum:

Walking Towards a Low-Carbon Hong Kong12

Day 5 | 7 October

Exploring the City:

Urban and Green Fringe Neighbourhood Walkshops13

Session Themes throughout the Conference

T1 – Theme 1: Walking Between Layers

T2 – Theme 2: Walking with Multiple Benefits

T3 – Theme 3: Walking Smart

T4 – Theme 4: Walking Together

T5 – Theme 5: Healthy, Safe Walking

T6 – Theme 6: Workshops, Pecha Kucha, Roundtable

Now the benefits of registering for the Conference are greater than ever. Attendance of the full, five-day event will qualify participants for Continuing Professional Development (CPD) points from the following organisations. Satisfy requirements, maintain your accreditation and be part of an exciting discussion. Don't miss out on an easy and engaging opportunity to stay licensed.

| Professional Institutions | CPD hours/points* | Enquiries |
|--|-------------------|-----------|
| Chartered Institute of Logistics and Transport in Hong Kong (CILTHK) | 200 CPD points | 2877-0330 |
| Hong Kong Institute of Architects (HKIA) | 31 CPD hours | 2805-7148 |
| Hong Kong Institute of Landscape Architects (HKILA) | 15.5 CPD points | 2896-2833 |
| Hong Kong Institute of Planners (HKIP) | 31 CPD hours | 2915-6212 |
| Hong Kong Institute of Urban Design (HKIUD) | 34 CPD hours | 2530-8135 |

* CPD hours/points based on full attendance (5-day) of Walk21HK. For details, please contact office staff of the professional institutions

(Updated: 9 August 2016)

Day 1 | Making a City Walkable

3 October 2016 (Monday)

| | | | | |
|-------|--|---|------------------------|--|
| 08:15 | Registration and informal networking | | | |
| 09:00 | Opening Plenary | | | |
| | Walkability in Asian Cities | Walkable Cities – Global to Local Perspectives | Christopher Law | Founding Director and Architect, The Oval Partnership Ltd., Hong Kong |
| 09:30 | Hong Kong Showcase | Setting the Scene | K. K. Ling | Director of Planning, HKSAR Government, Hong Kong |
| | | Case 1: Des Voeux Road Central Project | Ian Brownlee | Fellow, Hong Kong Institute of Planners, Hong Kong |
| | | Case 2: Energizing Kowloon East Project | Brenda Au | Head, Energizing Kowloon East Office, HKSAR Government, Hong Kong |
| | | Case 3: Green Deck Project | Andy Tong | Vice President (Campus Development and Facilities), Green Deck Task Force, Hong Kong Polytechnic University, Hong Kong |
| 10:30 | Coffee break | | | |
| 11:00 | Parallel sessions | | | |
| T1 | Designing for Walking: From Principles to Policy to Practice | Prioritizing walking: experiences from ecomobile cities | Itzel Obregon Prescott | ICLEI, Bonn, Germany |
| | | Planning for Walking: Making Planning and Environmental Laws Effective for all Pedestrians | Denis Edwards | Chinese University of Hong Kong, Hong Kong |
| | | Mixed Use and Walkable Spaces - Design that makes a difference in Teresina - Brazil | Amanda Campelo | Parsons The New School for Design, New York, USA |
| T2 | Places for People: Place-making / Place-keeping | Places for People: Shifting the Policy Landscape to Nurture Grassroots Public Spaces | Robin Abad Ocuillo | City Planning Department, City and County of San Francisco, San Francisco, USA |
| | | Reaching Upward + Stretching Outward: The Urgency of Walkability, Livability and Holistic Design-ability in Middle East City Building | Brian Sinclair | University of Calgary, Calgary, Canada |
| | | How walking conditions affect pedestrian preferences: The case of Thessaloniki, Greece | Panagiotis Papaioannou | Aristotle University of Thessaloniki, Thessaloniki, Greece |
| T3 | Technology and Creative Engagement on Street (I) | Towards Automated Assessment of Group versus Individual Walking Benefits | Kiju Lee | Case Western Reserve University, Cleveland, USA |
| | | Listening the city? Mapping mundane talks using mobile technologies in Santiago de Chile | Francisca Avilés | Pontificia Universidad Catolica de Chile, Santiago, Chile |
| | | Using electronic activity monitor to enhance working adult's number of steps: a feasibility study | Ka Man Tam | Hong Kong Baptist University, Hong Kong |
| T4 | Promoting Walking (I): Building Alliances | Reclaiming Streets in the Asian Cities- Bangalore, Kathmandu & Dhaka | Phaeba P. Thomas | HealthBridge Foundation, India |

| | | | | |
|-------|---|--|----------------------------|--|
| T5 | Getting Back on Our Feet: Principles and Enablers to Enhance Walkability for Improving Health | Pedestrian Mobility: State of The Art of The Movement In Brazil | Silvia Stuchi Cruz | Cidade Ativa, SP, Brazil |
| | | Evaluate, Enable, Engage: Toward a Safer, More Walkable Street for Bangkok's Chinatown | Kim Beng Lua | World Resources Institute, Beijing, China |
| | | Step by step towards healthy and walkable cities: How active mobility serves transport and public health | Elisabeth Raser | University of Natural Resources and Life Sciences, Vienna, Austria |
| | | Barriers and enablers to using concepts of health to promote walkability and walking at a local government scale | Anthony McCosker | Curtin University Sustainability Policy (CUSP) Institute, Perth, Australia |
| | | Improving walkability to reduce obesity – identifying opportunities using a microscale assessment method in Central Harlem, New York | Bernardita Calinao | OFAS, Coldspring-On-Hudson, New York, USA |
| T6 | Workshop | | Alighardashi Vahid | Iran Railway Company, Tehran, Iran |
| 12:30 | Lunch | | | |
| 14:00 | Welcome Remarks | | Maura Wong | CEO, Civic Exchange |
| | | | Jim Walker | Founder, Walk21 |
| | | | | Hong Kong Jockey Club Charities Trust |
| | | | Frederick Ma | Chairman, MTR Corporation |
| | Welcome Plenary | | | |
| | | Keynote presentation | Carrie Lam | Chief Secretary for Administration, HKSAR Government, Hong Kong |
| | | Designing great walkable cities | Bing Thom | Principal, Bing Thom Architects, Canada |
| | | International imperatives for more walkable cities | Cornie Huizenga | Secretary General, Partnership on Sustainable Low Carbon Transport (SLoCaT), China |
| 16:00 | Coffee break | | | |
| 16:30 | Plenary | | | |
| | | Keynote presentation | Anthony Cheung | Secretary, Transport & Housing Bureau, HKSAR Government, Hong Kong |
| | | Seoul, South Korea | Sangbum Kim | Former Vice Mayor, Seoul |
| | | Singapore | Yvonne Lim | Group Director of The Urban Redevelopment Authority |
| | Every City Has Its Story | Iloilo City, Philippines | Jed Patrick E. Mabilog | Mayor of Iloilo City |
| | | Penang, Malaysia | Dato' Maimunah Mohd Sharif | Municipal President of Seberang Perai (invited) |
| | | Paris, France | (invited) | Mayor of Paris |
| | | Calgary, Canada | (invited) | Mayor of Calgary |
| 18:00 | Let's Walk! | | | |
| 19:00 | Welcome Reception | | | |

Day 2 | People at the Heart of a Walking City

4 October 2016 (Tuesday)

| | | | | |
|-------|---|--|------------------------|--|
| 09:00 | Plenary | Keynote presentation | Christine Loh | Under Secretary for the Environment, HKSAR Government |
| | Social Impacts of Walking | Physical Activity in Urban Areas: An international study of 14 cities including Hong Kong International standard for measuring walking: how much we walk and what motivates us to walk | Ester Cerin | Institute for Health and Ageing, Australian Catholic University, Australia |
| | In Conversation | | Daniel Sauter | Founder, Urban Mobility Research, Switzerland |
| | Real Life Walking Stories | | Paul Zimmermann | Founder, CEO, Designing Hong Kong |
| | | | Gillis Heller | Lawyer, author, Hong Kong |
| | | | Chanyau Chong | President, Hong Kong Union of the Blind, Hong Kong |
| | | Walkability for children | Chine Chan | Programme Manager, Save the Children, Hong Kong |
| 10:30 | Coffee break | | | |
| 11:00 | Sub-plenary | | | |
| | Integrating Walking and Public Transportation in Mega-Cities | | Andrew Mead | Chief Architect, MTR Corporation, Hong Kong |
| | | | Oren Tatcher | Principal, OTC Planning & Design, Hong Kong |
| | | | Sada Lam | Director, The Oval Partnership Ltd., Hong Kong |
| | Parallel sessions | | | |
| | T1 Stepping It Up and Down: Design for Walkability in The Layered City | Creating quality condominium and apartment living spaces to encourage families to choose higher density housing in San Francisco | Susan Exline | San Francisco Planning Department, San Francisco, USA |
| | | A smarter, multi-layered approach to identifying pedestrian infrastructure priorities - Sharing experience from the Doha West Bay Connectivity Study Density is destiny: what is the right density for livable and sustainable good streets? An exercise in reverse engineering, visualization and public engagement. | Cameron MacDonald | Atkins Hong Kong, Hong Kong |
| | | Challenges toward Revitalization of Urban Communities in Japan - Shift from Auto-oriented Urban Sprawl to People-oriented Compact City | Francisco Alaniz Uribe | University of Calgary, Calgary, Canada |
| | T2 | All Walks of Life: Meeting the Needs of The Old and Young | Hirotake Koike | Utsunomiya Kyowa University, Utsunomiya, Japan |
| | | | Rodrigo Luruena | ATE, Geneva, Switzerland |
| | | Evaluation of the psychometric properties of Social Environment Questionnaire in the context of Chinese older adults | Ka Man Leung | Department of Physical Education, Hong Kong Baptist University, Hong Kong |

| | | | | |
|----|--|--|--------------------|---|
| T3 | Technology and Creative Engagement in Street (II) | Walking Wise: Critical Explorations of (Smart) Technology in the Urban Realm | Barry Wylant | University of Calgary, Calgary, Canada |
| | | Enhancing Walkability with an App that Displays the Walking Environment People Want | Bernardita Calinao | WALKSPAN, Sleepy Hollow, New York, USA |
| | | Spatial Location of Information Units for Pedestrians Using Isovist | Adriana Souza | Brazil |
| T4 | Promoting Walking II: Community and Stakeholder Engagement | Community Led Design | James Grant | JMDdesign, Sydney Australia |
| | | Seattle Waterfront Symposium: Creating an Equitable, Walkable Urban Neighborhood | Rico Quirindongo | DLR Group, Seattle, USA |
| | | Using media to improve walking and ensure pedestrian rights: examples from Bangladesh | Aminul Islam Sujon | Work for a Better Bangladesh Trust, Dhaka, Bangladesh |
| | | | Vivian Lai | Energizing Kowloon East Office, Development Bureau, Hong Kong |
| T5 | Walking Safely: The Big Picture | Saving lives through Star Ratings: The global work of the International Road Assessment Program (IRAP) | Monica Olyslagers | IRAP, Basingstoke, UK |
| | | Improving pedestrian safety in urban roads | Sangjin Han | Transport Safety Research Group, Korea Transport Institute, South Korea |
| | | Pedestrian Accidents' Characteristics and Countermeasures on Community Road | Jeho Jeon | Samsung Traffic Safety Research Institute, South Korea |
| T6 | Round Tables | Round-table on: Developing "Pedestrian First" Policies | Waltraut Ritter | Knowledge Dialogues, Hong Kong |
| | | Putting walking on the world map | Robyn Davies | Queensland Walks, Queensland, Australia |
| | | Strengthening community actions to encourage governments to walk the talk for people-friendly cities | Alvin Mejia | Clean Air Asia, Philippines |
| | | Know your city, know your public spaces! Evaluating public spaces in new city development areas in Vienna. | Ulla Thamm | Rosinak & Partner ZT, Vienna, Austria |
| | | Walking Tours - an enabler for Tourism and Revitalising Communities | Darpana Athale | Sarvasva Designs Pvt Ltd, Pune, India |
| | | Jane's Walk Centenary | Ifte Ahsan | Jane's Walk, Calcutta Walks |
| | | Walking is women's work | Heather Allen | Outreach Consultant, Partnership on Sustainable, Low Carbon Transport |

12:30

Lunch

14:00

Sub-plenary

Communicating Ideas for Walkability

Rauno Andreas Fuchs

CEO, Green City Project Munich (invited)

David Guerrero

Clean Air Asia (invited)

Parallel sessions

T1

Hong Kong: Creating Streets for Everyone

Let's Reclaim Our Streets!

David Lam

Planning Department, HKSAR Government

Gavin Coates

The University of Hong Kong, Hong Kong

Walking with Jane Jacobs in Hong Kong

Lachlan Barber

Hong Kong Baptist University, Hong Kong

T2

Walking Down Memory Lane: Designing for Older Walkers

Designing streets for the walking dependent

Ben Rossiter

Victoria Walks, Victoria, Australia

Mobility of older pedestrians: the relevance of different personal & environmental factors for the individual action space

Florian Breiteringer

Technische Universitaet Berlin, Berlin, Germany

Walking Towards a Sustainable Region: Ways to Design a Walkable Neighborhood in Japan's Aging Society

Rina Sato

Kokusai Kogyo Co., Ltd., Fuchu, Japan

T3

Walking by Numbers I: Modelling and Forecasting

Forecasting footfall: People-centric planning for walkability in urban areas

Martin Wedderburn

Wedderburn Transport Planning, UK

Pedestrianism as an Effective Tool for Sustainable Intra-City Commuting in Calabar, Southern Nigeria

Inah Okon

University of Calabar, Calabar, Nigeria

Walking on the streets of London: a modelling tool for evaluating and planning for active travel

Ashley Dhanani

University College London, London, UK

T4

Promoting Walking III: Ideas and Innovation

SWITCHing to active travel - The City of Vienna on the right path to foster inclusive sustainable urban mobility lifestyles

Wiebke Unbehauen

University of Natural Resources and Life Sciences Vienna, Institute for Transport Studies

Using Video to Recruit Young Pedestrian Advocates

Debra Efreymson

Regional Director of Asia, Healthbridge, Bangladesh

Pedestrian activism and challenges to connect with public policies

Roberto Remes

Pedestrian activism and challenges to connect with public policies

T5

Walking Safely II: Risks and Rules

In-Depth understanding of accident causation for vulnerable road users

Ole Thorson

INTRA SL, Barcelona, Spain

Same traffic rules for different public space user categories?

Geert van Waeg

International Federation of Pedestrians, Brussels, Belgium

Pedestrian Priority Streets and Risk of Car Accidents: Before-and-after Evaluations

Sunghoon Oh

Architecture and Urban Research Institute, Sejong City, Republic of Korea

| | | | | |
|-------|-----------------------|---|-------------------|--|
| T6 | Pecha Kucha | The outdoor city : how public spaces are evolving to welcome active lifestyles in the XX1st century | Sonia Lavadinho | Bfluid Research, Geneva, Switzerland |
| | | How should a street with high bicycle traffic be designed for safety of elderly walker? | Akihiko Ono | Chuo University, Tokyo, Japan |
| | | Creative approaches to foster walkability within rural communities | Nicole Ringer | RaumRegionMensch, Vienna, Austria |
| | | Relationship between Walkability and Health in Urban Space - A Comparative Study among Asian Cities | Xin Tong | The Hong Kong Polytechnic University, Hong Kong, China |
| | | Making way to "WALK" | Kamana Manandhar | Resource Centre for Primary Health Care, Kathmandu, Nepal |
| | | SOS - Seating for Socializing. A temporary urban device to revitalize Hong Kong Public Spaces | Francesco Rossini | The Chinese University of Hong Kong, Hong Kong |
| | | Creating space in car dependent cities: The case of building a parklet | Anne Matan | Curtin University, Perth, Western Australia, Australia |
| 15:30 | | Coffee break | | |
| 16:00 | Plenary | | | |
| 17:30 | Power of Partnerships | Moderator | Peter O'Neill | Chief, Transport Policy and Development, Transport Division, UNESCAP (invited) |
| | | Panel discussion | Tyler Norris | Vice President, Total Health Kaiser Permanente, USA |
| | | | Ben Rossiter | Chief Executive, Victoria Walks, Australia |
| | | | Debra Efroymson | Regional Director of Asia, Healthbridge, Bangladesh |
| | | | Alvin Meija | Transport Program Manager , Clean Air Asia |

Day 3 | Innovation and Ideas for Implementing Walkability

5 October 2016 (Wednesday)

| | | | | | |
|-------|--|--|---|--|--|
| 09:00 | Plenary | Urban Innovation and Design: Creative thinking and new ways to walk for cities of the future | The <i>NEW</i> Global Street Design Guide Moneyballing Walkability: Harnessing the Power of Technology and Data to Help Make Places Better Connect 21 | Skye Duncan Mariela A. Alfonzo Rocco Yim | Global Designing Cities Initiative, USA Founder, State of Place, USA Executive Director, Rocco Design Architects Ltd., Hong Kong |
| 10:30 | | | Coffee break | | |
| 11:00 | Sub-plenary | Showcase: Integrated Mobility Policy | Stockholm, The Walkable City | Daniel Helldén Jonas Elliason Erik Pauldin Kristoffer Tamsons | Vice Mayor of Transportation, City Council of Stockholm, Sweden (invited) Head of the Stockholm City Transportation Department, Sweden (invited) Public Affairs Manager, MTR Nordic, Sweden Sweden Stockholm traffic councilor, Traffic County, Sweden |
| | Parallel sessions | | | | |
| | | | This is where We Walk! Researching the "Urban Parterre" | Angelika Psenner | Vienna University of Technology, Vienna, Austria |
| T1 | The Design of Cityspace: Where Can We Walk? | Creating a cohesive multi-functional public space and promoting walkability by integrating the various layers of the city Case study: Tehran Eco passage | | Foad Rabbani Tony Ho | Municipality of Tehran, Tehran, Iran Civil Engineering and Development Department, HKSAR Government (invited) |
| | | Using media to improve walking and ensure pedestrian rights: examples from Bangladesh | | Aminul Islam Sujon | Work for a Better Bangladesh (WBB) Trust, Dhaka, Bangladesh |
| T2 | Why walk? Perception, Preference & Provision | Built environment effects on perceived accessibility to positive and negative quality networks: views from two neighbourhoods in London | | Adriana Ortegon-Sanchez | University College London, London, UK |
| | | The Choice To Walk in Kampongs in Surabaya (Indonesia) | | Anitha Silvia | C2O Library & Collective, Surabaya, Indonesia |
| | | Walkability Index - An Evaluation tool for walking | | Clement Ho | Ove Arup & Partners Hong Kong Limited, Hong Kong |
| T3 | Walking by Numbers II: Counting and Measuring | Measuring walkability in downtown Rio de Janeiro: partnership towards a more walkable city | | Danielle Hoppe | Institute for Transportation and Development Policy, Rio de Janeiro, Brazil |

| | | | | |
|-------------------|---|--|------------------------|--|
| | | A comprehensive evaluation of the public space in Polish cities in the scope of walking quality | Lukasz Franek | Deputy Director for Transport, Krakow, Poland |
| T4 | The Patter of Tiny Feet: Enhancing Ways for Walking to School | WALKING TO SCHOOL WITH Walkability City Tool | Miguel Zuza Arana | Suma-USC, Pamplona, Navarra, Spain |
| | | "Colecamins". School mobility plans for enhance walkability in Valencia | Francesc Arechavala | IDOM, Valencia, Spain |
| T5 | Walking Safely III: Safer Environments | Vision for Pedestrian Safety in Hong Kong- Urban Speed Management is Crucial | Julian Kwong | Community for Road Safety, Hong Kong |
| | | Pedestrian Safety and Walking Smart in Korea: How Smartphones Can Guide to Safe, Convenient and Secure Paths | Nikola Medimorec | Kojects, Suwon, Republic of Korea |
| | | For Safer Walking Environment - Japanese Challenge to Shift Bicycles from Sidewalk to Roadway | Teppei Osada | Utsunomiya University, Japan |
| T6 | Workshop | Hot, Wet and In a Rush: Designing for Climate and Density | Deborah Kuh | Head, The Greening, Landscape and Tree Management (GLTM) Section, Development Bureau, HKSAR Government |
| 12:30 | | Lunch | | |
| 14:00 | Sub-plenary | | | |
| | Showcase: Delivering Walkability in International Cities | Singapore | Eu-Gen Ong | Land Transport Authority (LTA), Singapore |
| | | Krakow | Tadeusz Trzmiel | Deputy Mayor, Krakow, Poland (invited) |
| | | Guangzhou | | (invited) |
| | | Jakarta | | (invited) |
| Parallel sessions | | | | |
| T1 | Stairs & Stalls: Attractions or Barriers in the Street? | Explore a typical walkable space in contemporary Chinese cities: a study of heterogeneous networks of street vendors | Ziwen Sun | The University of Edinburgh, Edinburgh, UK |
| | | The role of street vendors in facilitating walking: Findings from Mumbai | Sonal Shah | Indian Institute for Human Settlements, Bangalore, India |
| | | Walking, heritage and public space: Stair Culture in Hong Kong | Melissa Cate Christ | Hong Kong Polytechnic University, Hong Kong |
| T2 | Access for All: Designing for Universal Accessibility | Walking for All: Infrastructure for Walking Innovations | Alain Chiaradia | The University of Hong Kong, Department of Planning and Design, Hong Kong |
| | | Beyond Walking: Improving Urban Mobility Equity in the Age of Information | Dadi An | The Hong Kong Polytechnic University, Hong Kong |
| | | Designing of Swaraj Round – A public space re invented | Jacob Samuel | ESAF, Kerala, India |
| T3 | Half The Fun is Getting There: Assessing & Evaluating Walkability | How can pedestrian data collection help to assess cities overall attractiveness? Examples of different cities around the world | Yves-André Le-Boulaire | Eco Counter |
| | | Evaluating the usage of Wi-Fi and Bluetooth based sensors for pedestrian counting in urban areas | Maximilian Franz Böhm | NTNU - The Norwegian University of Science and Technology, Trondheim, Norway |

| | | | | |
|---|---|--|---|---|
| T4 | The Synergy of Walking & Riding: Improving Access on Foot to Public Transport | Who is to blame when street environments do not support walking access to public transportation? | Manuel Soto | Mobility & Walkability Consulting, Sammamish, USA |
| | | Forging Synergy for Accessibility: Nurturing Dialogue for Safe Access to BRT in Ho Chi Minh City | Kim Beng Lua | World Resources Institute, Beijing, China |
| | | Sound Access For All: Championing Systemwide Policy Putting Feet First | Lisa Quinn | Feet First, Seattle, USA |
| T5 | Air Quality & Temperature Challenges for Walking in Hong Kong | Impact of traffic volume and composition on the air quality and pedestrian exposure in urban street canyon | Zhi Ning | School of Energy and Environment, City University of Hong Kong, Hong Kong |
| | | A pilot study on the dynamic response of pedestrian thermal comfort under outdoor transient conditions | Kevin Lau | School of Architecture, The Chinese University of Hong Kong, Hong Kong |
| | | Air pollution during the Hong Kong protests and its implications for pedestrianisation | Peter Brimblecombe | School of Energy and Environment, City University of Hong Kong, Hong Kong |
| T6 | Round Tables | Smart walkability: making our cities walkable by using smart technologies | Ruiqu Ma | The Hong Kong Polytechnic University, Hong Kong |
| | | Walking in LA: Improving Walkability in an Auto Metropolis | Mark Vallianatos | Occidental College, Urban & Environmental Policy Institute, Los Angeles, USA |
| | | The tale is in the \$50 million tape: A story of people, passion and partnerships building pathways | Peter Sargious | Parks Foundation, Calgary, Canada |
| | | From increasing density to dense liveliness: Learning from European streetscapes | Jürgen Furchtlehner | Institute of Landscape Architecture, University of Natural Resources and Life Sciences, Vienna, Austria |
| | | How to implement the International Walking Data Standard? An introduction and practice-oriented debate about methodological challenges | Daniel Sauter | Urban Mobility Research, Zurich, Switzerland |
| | | Policies and practices on improving pedestrian friendly cities in China | Lianlian Liu | Dalian University of Technology, Dalian, China |
| | | Walking, the competition for urban space and (the fear of) congestion | Martin Wedderburn | Independent Transport Consultant, London, UK |
| | | Walkability and the public realm | Mathew Pryor | The University of Hong Kong, Hong Kong |
| Coffee break | | | | |
| Plenary | | | | |
| Funding and Financial Impacts of Walkability: Finding the funds for walkability and realising the economic benefits of more walking | How walkability drives Europe's fastest growing city | Dr Alexander Ståhle | CEO, Spacescape, Sweden | |
| | | Benjamin Chai | Chief Executive, Grosvenor Group, Hong Kong | |
| | | David Tang | Property Director, MTR Corporation, Hong Kong | |

Speed Networking

| | | |
|---|------------------------|--|
| Comparison of pedestrian traffic and density – A case study on transit mall in European cities | Hayato Itai | Hiroshima Institute of Technology, Hiroshima, Japan |
| Tracking a six-month 'Active Office' initiative: Nudging employees from sit to stand to walk | Dwayne Sheehan | Mount Royal University, Calgary, Alberta, Canada |
| Altendorfer Street: from a tunnel of the fragmented city to a backbone of community building. Recovering neighbourhoods by improving walkability. | Isabel Escobar | University Duisburg Essen, Essen/NRW, Germany |
| Working with Government Officials: Advocacy Experience in an Adverse Situation | Debra Efroymson | Regional Director of Asia, Healthbridge, Bangladesh |
| The use of walkable street in the area around Omar Al-Mukhtar Street in Tripoli Libya | Khairi Mohamed Abdulla | University of Wolverhampton, UK |
| The Tsukishima Alley Walking Guidebook and Guided Tours in Tsukishima | Hideaki Shimura | Shibaura Institute of Technology, Tokyo, Japan |
| Creating supportive environments for active travel (including walking) and workplaces | Jeni Bindon | The Health Promotion, Sydney, Australia |
| Safe Walkability by Design: Improving Road Safety for Vulnerable Road Users in Bangkok | Kim Beng Lua | World Resources Institute, Beijing, China |
| Neighborhood Safety and Walking for Transportation versus Recreation Purposes | Chanam Lee | Texas A&M University, College Station, USA |
| Creating a Walkable City Centre at Des Voeux Road Central | Benson Poon | Hong Kong Institute of Planners, Hong Kong |
| Thanks for keeping the sidewalks safe - the living streets project | Geert van Waeg | International Federation of Pedestrians, Brussels, Belgium |
| Clean Air Initiatives on Walkability | Patrick Fung | Clean Air Network, Hong Kong |
| Safe Walkability by Design: Improving Road Safety for Vulnerable Road Users in Bangkok | Kim Beng Lua | World Resources Institute, Beijing, China |

17:00

–

17:30

David Chung (Undersecretary for Innovation and Technology, HKSAR Government) to present:

- CityTech Awards
- Jane's Walk Centenary Celebration

Day 4 |

Hong Kong Jockey Club Public Forum: Walking Towards a Low-Carbon Hong Kong

6 October 2016 (Thursday)

| | | | |
|-------|--|---|---|
| 9:00 | Welcome | K. S. Wong | Secretary for the Environment, HKSAR Government Civic Exchange Walk21 Hong Kong Jockey Club Charities Trust |
| 9:40 | Keynote presentation Setting the Agenda: Imperatives for a Low Carbon City Civic society engagement with building low carbon futures | Peter Newman Florian Lorenz | Professor of Sustainability, Curtin University, Australia International Coordinator, Low Carbon City Forum, Austria |
| 11:00 | Coffee Break | | |
| 11:30 | The Journey Towards Healthy Low Carbon Cities in Practice: The building blocks to deliver healthy, clean communities | Supriya Sen Ester Cerin Yi Mien Koh Jean Woo | McKinsey & Co., Singapore Institute for Health and Ageing, Australian Catholic University, Australia Medical Director, AIA Group Ltd., Hong Kong Emeritus Professor of Medicine, The Chinese University of Hong Kong |
| 13:00 | Lunch | | |
| 14:30 | Hong Kong Ideas Charette: Ideas into Action Des Voeux Road and East Kowloon projects | | |
| 15:30 | Coffee Break | | |
| 16:00 | Secretaries Dialogue: Shaping a Vision for Hong Kong | Anthony Cheung Paul Chan K. S. Wong | Secretary for Transport & Housing, HKSAR Government (invited) Secretary for Development, HKSAR Government (invited) Secretary for the Environment, HKSAR Government (invited) |
| 16:45 | Interactive Panel: Taking action for Hong Kong | Peter Newman Ester Cerin Supriya Sen | Professor of Sustainability, Curtin University, Australia Institute for Health and Ageing, Australian Catholic University, Australia McKinsey & Co., Singapore |
| 17:30 | Closing Ceremony | | |
| 18:00 | Conference Conclusions Handover to Calgary 2017 | Jim Walker | Director, Walk21 |

Day 5 | Exploring the City – Urban and Green Fringe Neighbourhood Walkshops

7 October 2016 (Friday)

Exploring the best of Hong Kong's walkable features, Day 5 brings a full day of guided walks around the region, from its urban heart to remote country trails. Some of the many walks on offer include:

| Title | Theme | Walkshop Leader |
|---|--|----------------------------------|
| Walk with Clean Air | Air quality | Clean Air Network |
| Walkability and Citizen Science in Tung Chung through the FreshWater Project | Water quality | Earthwatch Institute |
| Who should have the lead, the legs or the wheels? Pedestrians being safe and feeling safe. | Road safety | Community for Road Safety |
| Step up with history and topography – Walking with Stairs | History and topography | Walk in Hong Kong |
| Experience the "Spirit of Creation" in the transformation of an old industrial zone | Urban revitalisation: East Kowloon | Energizing Kowloon East Office |
| A community-led initiative to improve urban environment – creating more public spaces, better air quality, more amenities for pedestrians, improving safety, comfort, convenience and health of pedestrians | Urban revitalisation: Des Voeux Road Central pedestrianisation | Hong Kong Institute of Planners |
| A Road from Grey to Green – to turn a heavy traffic and broken-down community into a green urban oasis with clean air, pleasant walks and landscaped parks | Urban revitalisation: Green Deck Project | Hong Kong Polytechnic University |
| One City, Three Different Experiences | Connectivity & public space | Designing Hong Kong |
| City Impression @Central | CBD development | Planning Department |
| Take the shortcut from urban to rural - Tsz Sha Ancient Trail | Peri-urban hiking trails | Trailwatch |
| Intimate relationship between the city and the countryside - Wanchai Short Hike | Peri-urban hiking trails | Trailwatch |
| From high rises to high mountains - Yuen Tsuen Ancient Trail | Peri-urban hiking trails | Trailwatch |
| Meandering through vegetable gardens and village houses in Mui Wo | Nature conservation | Merrin Pearse |

These walkshops will be led by government officials and passionate walking enthusiasts and are sure to be eye-opening as well as fun. Our team will be onsite throughout the conference to provide more information and to help you register.
