Labour Trades Contractual Obligations in the Construction Industry*

B1. Legislative Applicability of Labour Trades Obligations.

The mandatory Labour Trades provisions for municipalities bound by province-wide collective agreements are separate from Fair Wage Policy established, monitored and enforced by the City. Central to any understanding of municipal obligations to Labour Trades, is that the City has no discretion in setting wage rates or in using union labour for certain trades performing Work for the City. This is by virtue of the Province-wide collective agreements applicable to trades in the Industrial, Commercial and Institutional (ICI) and Residential sectors and other negotiated collective agreements in other sectors of the construction industry.

The Province-wide collective agreements are binding on all employers in the sector. The former City of Toronto was first considered an “employer” when the relevant unions obtained bargaining rights beginning in 1978. As a result, subject to the jurisdiction of the collective agreements, union workers must be used for contracted-out Work. The use of union sub-contractors for municipal building projects is also required in most cases.

A. The City of Toronto is bound by the current province-wide collective agreements with respect to the Industrial, Commercial and Institutional sectors of the construction industry between:

5. The International Association of Heat and Frost Insulators and Asbestos Workers and The Master Insulators’ Association of Ontario Inc.

6. The International Brotherhood of Painters and Allied Trades and The Ontario Painting Contractors Association.

7. The Ontario Glazier Agreement between The Architectural Glass and Metal Contractors Association and The International Brotherhood of Painters and Allied Trades; and

8. The Environmental Sheet Metal Association Toronto and the Sheet Metal Workers’ International Association and the Ontario Sheet Metal Workers’ Conference.

9. The Ontario Erectors Association Incorporated, and the International Association of Bridge, Structural, Ornamental and Reinforcing Iron Workers and the Ironworkers District Council of Ontario
