

City of Toronto
Divisional Business Expenses
For the year ended December 31, 2016

Division:	Information & Technology
------------------	-------------------------------------

Division Summary	
Annual Budget (Gross):	\$125.83 million
No. of Employees:	848
Description:	
<p>The Division provides leadership for the planning, development and management of the City's information technology systems. The Division partners with all City divisions to deliver business IT solutions for City programs and services and manages the overall investment in IT, optimizing and ensuring alignment with business objectives.</p> <p>Key enterprise solutions at the City include the City's website (toronto.ca) and key public-facing online services for residents, businesses and visitors of Toronto. Examples include: 311 Toronto, Well Being Toronto, Recreation programs, Parking Permits, Business and Development, Permits and Licensing, Transportation and Roads, to name a few. Internal to the City, the Division also supports the City's corporate financial and human resources solutions as well as the City's IT infrastructure, including the network, data centres, and over 20,000 computers.</p>
