MESSAGE FROM THE PRIME MINISTER

PRIME MINISTER • PREMIER MINISTRE

June 5- 8, 2015

Message from the Prime Minister

I am pleased to extend my warmest greetings to everyone attending the Federation of Canadian Municipalities (FCM) Annual Conference and Trade Show, *Today's communities, tomorrow's Canada*, in beautiful Edmonton.

Strong communities are essential to our country's continued growth and prosperity. I am pleased to have this opportunity to salute FCM members for your steady leadership and dedication to building vibrant municipalities. I value your input as we work to realize our shared goals.

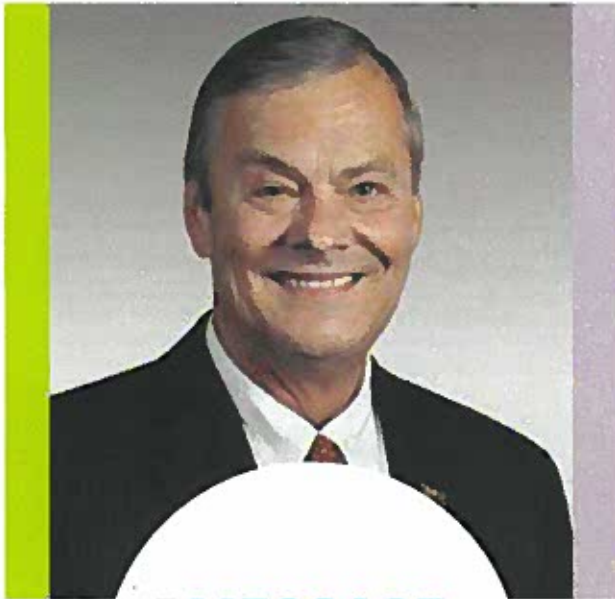

Our Government recognizes that infrastructure is a priority for municipalities. It is a key component of our country's economic resilience, global competitiveness and the quality of life of Canadians. Economic Action Plan 2015 builds on unprecedented, long-term funding to ensure Canada has world-class infrastructure. Under the New Building Canada Plan, we are providing \$5.35 billion per year for provincial, territorial and municipal projects. Additionally, Economic Action Plan 2015 announced a new Public Transit Fund, along with funding to support social housing and other measures that contribute to productive and thriving cities.

I look forward to continued collaboration with municipalities as we prepare for Canada's 150th anniversary. Together, we will celebrate our history and take pride in our collective efforts to shape Canada's success for generations to come.

On behalf of the Government of Canada, please accept my best wishes for a productive and enjoyable conference.

Sincerely,

The Rt. Hon. Stephen Harper, P.C., M.P.
Prime Minister of Canada

MESSAGE FROM FCM'S PRESIDENT

On behalf of FCM's Board of Directors and the many people who have worked so hard to deliver this year's event, welcome to Edmonton and FCM's Annual Conference and Trade Show.

Once again, Canada's largest gathering of municipal officials offers countless opportunities for you to learn, share, influence and network. Our cities and towns are central to Canada's sustainability and its economic and social success, and our 2015 conference theme, Today's communities, tomorrow's Canada, is designed to stimulate meaningful dialogue about municipalities and the future of our country.

And this is an important time to engage the municipal sector and our elected officials in a national conversation about local jobs, housing affordability, public safety, rural and remote issues, and many other challenges that our hometowns face. This year's program focuses on these priorities and this conference is likely the last opportunity before the federal election for municipal leaders to get together to keep our issues at the top of the national agenda.

This event offers an unparalleled opportunity for you to expand your network, gain insights that will benefit your community, acquire new knowledge, and help shape municipal-federal priorities. I encourage you to take advantage of everything the Annual Conference has to offer, and I look forward to connecting with you over the next four days.

Let's make 2015 in Edmonton our best conference yet!

Brad Woodside, FCM President
Mayor, City of Fredericton, NB

I want to extend my best wishes to all delegates for a productive and successful conference. I know you will enjoy the warmth and hospitality of Albertans during your stay in our capital city.

Welcome to Alberta!

I thank the Federation of Canadian Municipalities and its sponsors and volunteers who make this conference possible each year. I wish everyone an exciting and inspiring conference and, for those visiting Edmonton, I hope you have a chance to experience our city.
