Purpose
To obtain authority to enter into a licence agreement with York Condominium Corporation No. 262 (the "Corporation") to permit the City to cross over certain condominium common elements under the Corporations management, as a means of access to the site of a storm sewer replacement project.

Property
A portion of the common elements described in York Condominium Plan 262, legally described as comprising Part of Block F, Plan 3857, designated as Parts 1, 2, 3 and 4, Plan 66R-7562, and shown as Part 4 on sketch PS-2015-046 (the "Property"). Sketch PS-2015-046 is attached as Appendix "A".

Actions

1. Authority be granted to enter into an agreement (the "Agreement") with the Corporation to acquire a licence on the Property to facilitate the replacement of a storm sewer line, on the terms and conditions set out below and any other terms and conditions as may be determined as reasonably necessary by the Chief Corporate Officer and in a form acceptable to the City Solicitor.
2. Authority be granted to authorize the Chief Corporate Officer or designate to administer and manage the Agreement including the provision of any consents, approvals, waivers, notices, and notices of termination, provided that the Chief Corporate Officer may, at any time, refer consideration of such matters (including their content) to City Council for its determination and direction.
3. Authority be granted to authorize the City Solicitor to complete the transaction on behalf of the City, including payment of any necessary expenses.
4. The appropriate City Officials be authorized and directed to take the necessary action to give effect thereto

Financial Impact
The following costs will be incurred by the City in connection with the Agreement:

1. Reimbursement to the Corporation for proven legal and other professional expenses, limited to an amount not exceeding \$2,260.00, inclusive of applicable taxes; and
2. Registration costs of approximately \$200.00, inclusive of applicable taxes.

Funding for these costs is available in the 2016 Council Approved Capital Budget for Toronto Water under capital account CWW-470-02.
The Deputy City Manager & Chief Financial Officer has reviewed this DAF and agrees with the financial impact information.

Comments
City Council has approved a Toronto Water capital project involving the construction of a replacement storm sewer at a location east of the Islington Avenue and Albion Road intersection. Through an agreement that was authorized by DAF #2014-102, the City acquired a permanent easement on a portion of the common elements managed by the Corporation, to construct and operate the replacement storm sewer.
While preparing for the construction project, it was determined that it would be in the best interests of both parties that the City acquire a licence on Property, being another portion of the common elements, to enable the appropriate access to the permanent easement lands. Utilizing the Property will minimize the anticipated disturbances of the construction project to the residents of the condominium.
City staff have contacted the Corporation's representatives and have reached an agreement to acquire licence rights over the Property to access the proposed storm sewer capital project.
City staff consider the terms of the Agreement to be fair and reasonable to both parties. The purchase price of the licence rights does not exceed fair market value.

Terms
Licensor = York Condominium Corporation No. 262
Licensee = City of Toronto
Total Cost = \$2,460.00 (Total) inclusive of applicable taxes
Property Rights = Licence
Term of Licence = 180 days
Capital Project = Replacement of an existing storm sewer
