

King Liberty Pedestrian/Cyclist Link

Municipal Class Environmental Assessment Notice of Completion

The City of Toronto has completed a Municipal Class Environmental Assessment (EA) Study to determine the location for a new pedestrian/cyclist link across the Metrolinx railway corridor on the north edge of Liberty Village.

The recommended solution, as documented in the Environmental Study Report (ESR), is a bridge spanning the rail corridor between the west end of Douro Street and the west end of Western Battery Road. In order for the bridge to be fully accessible to all users, stairs and an elevator are recommended at each end.

Opportunities for Public Review

The study was carried out following the requirements for Schedule C projects under the Municipal Class EA. An Environmental Study Report has been completed and has been placed on public record for a review period starting December 16, 2011 and ending January 31, 2012. It will be available for review at:

Parkdale Library
1303 Queen St. W.
Tel: 416-393-7686

City Clerk's Office
City Hall, 12th Fl., West Tower
100 Queen St. W.
Tel: 416-392-8016

Please call or check online to confirm hours of operation.

The ESR is also available online at:

If concerns regarding this project cannot be resolved in discussion with the City of Toronto, a person or party may request that the Minister of the Environment make an order for the project to comply with Part II of the Environmental Assessment Act (referred to as a Part II Order), which addresses individual Environmental Assessments. The Minister must receive the request in writing by January 31, 2012 at the address below, and a copy must also be sent to the City contact. If no requests are received by this date the City may proceed with this project as outlined in the Environmental Study Report.

The Honourable John Wilkinson
Minister of the Environment
77 Wellesley Ave.
Ferguson Block, 11th Fl.
Toronto, ON M7A 2T5
