Public Message Centre

Construction Start: 2008

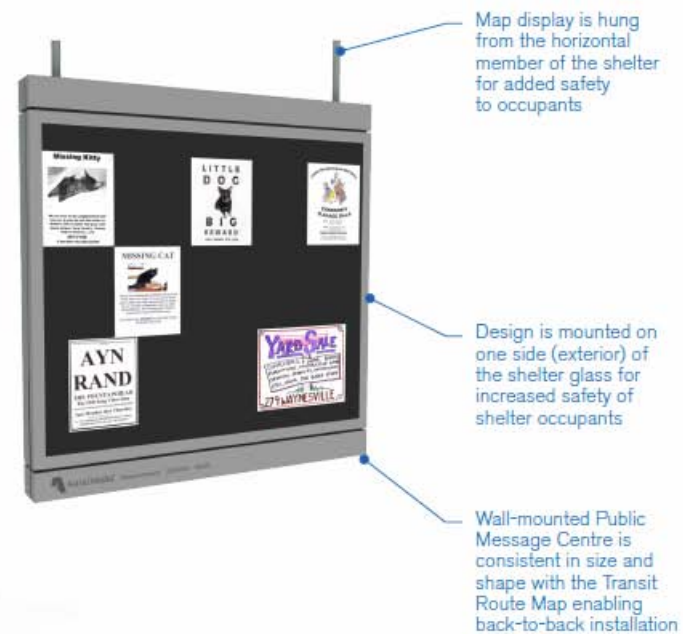

20-Year Quantity: 500 Free-standing units

2000 units mounted on Transit Shelters

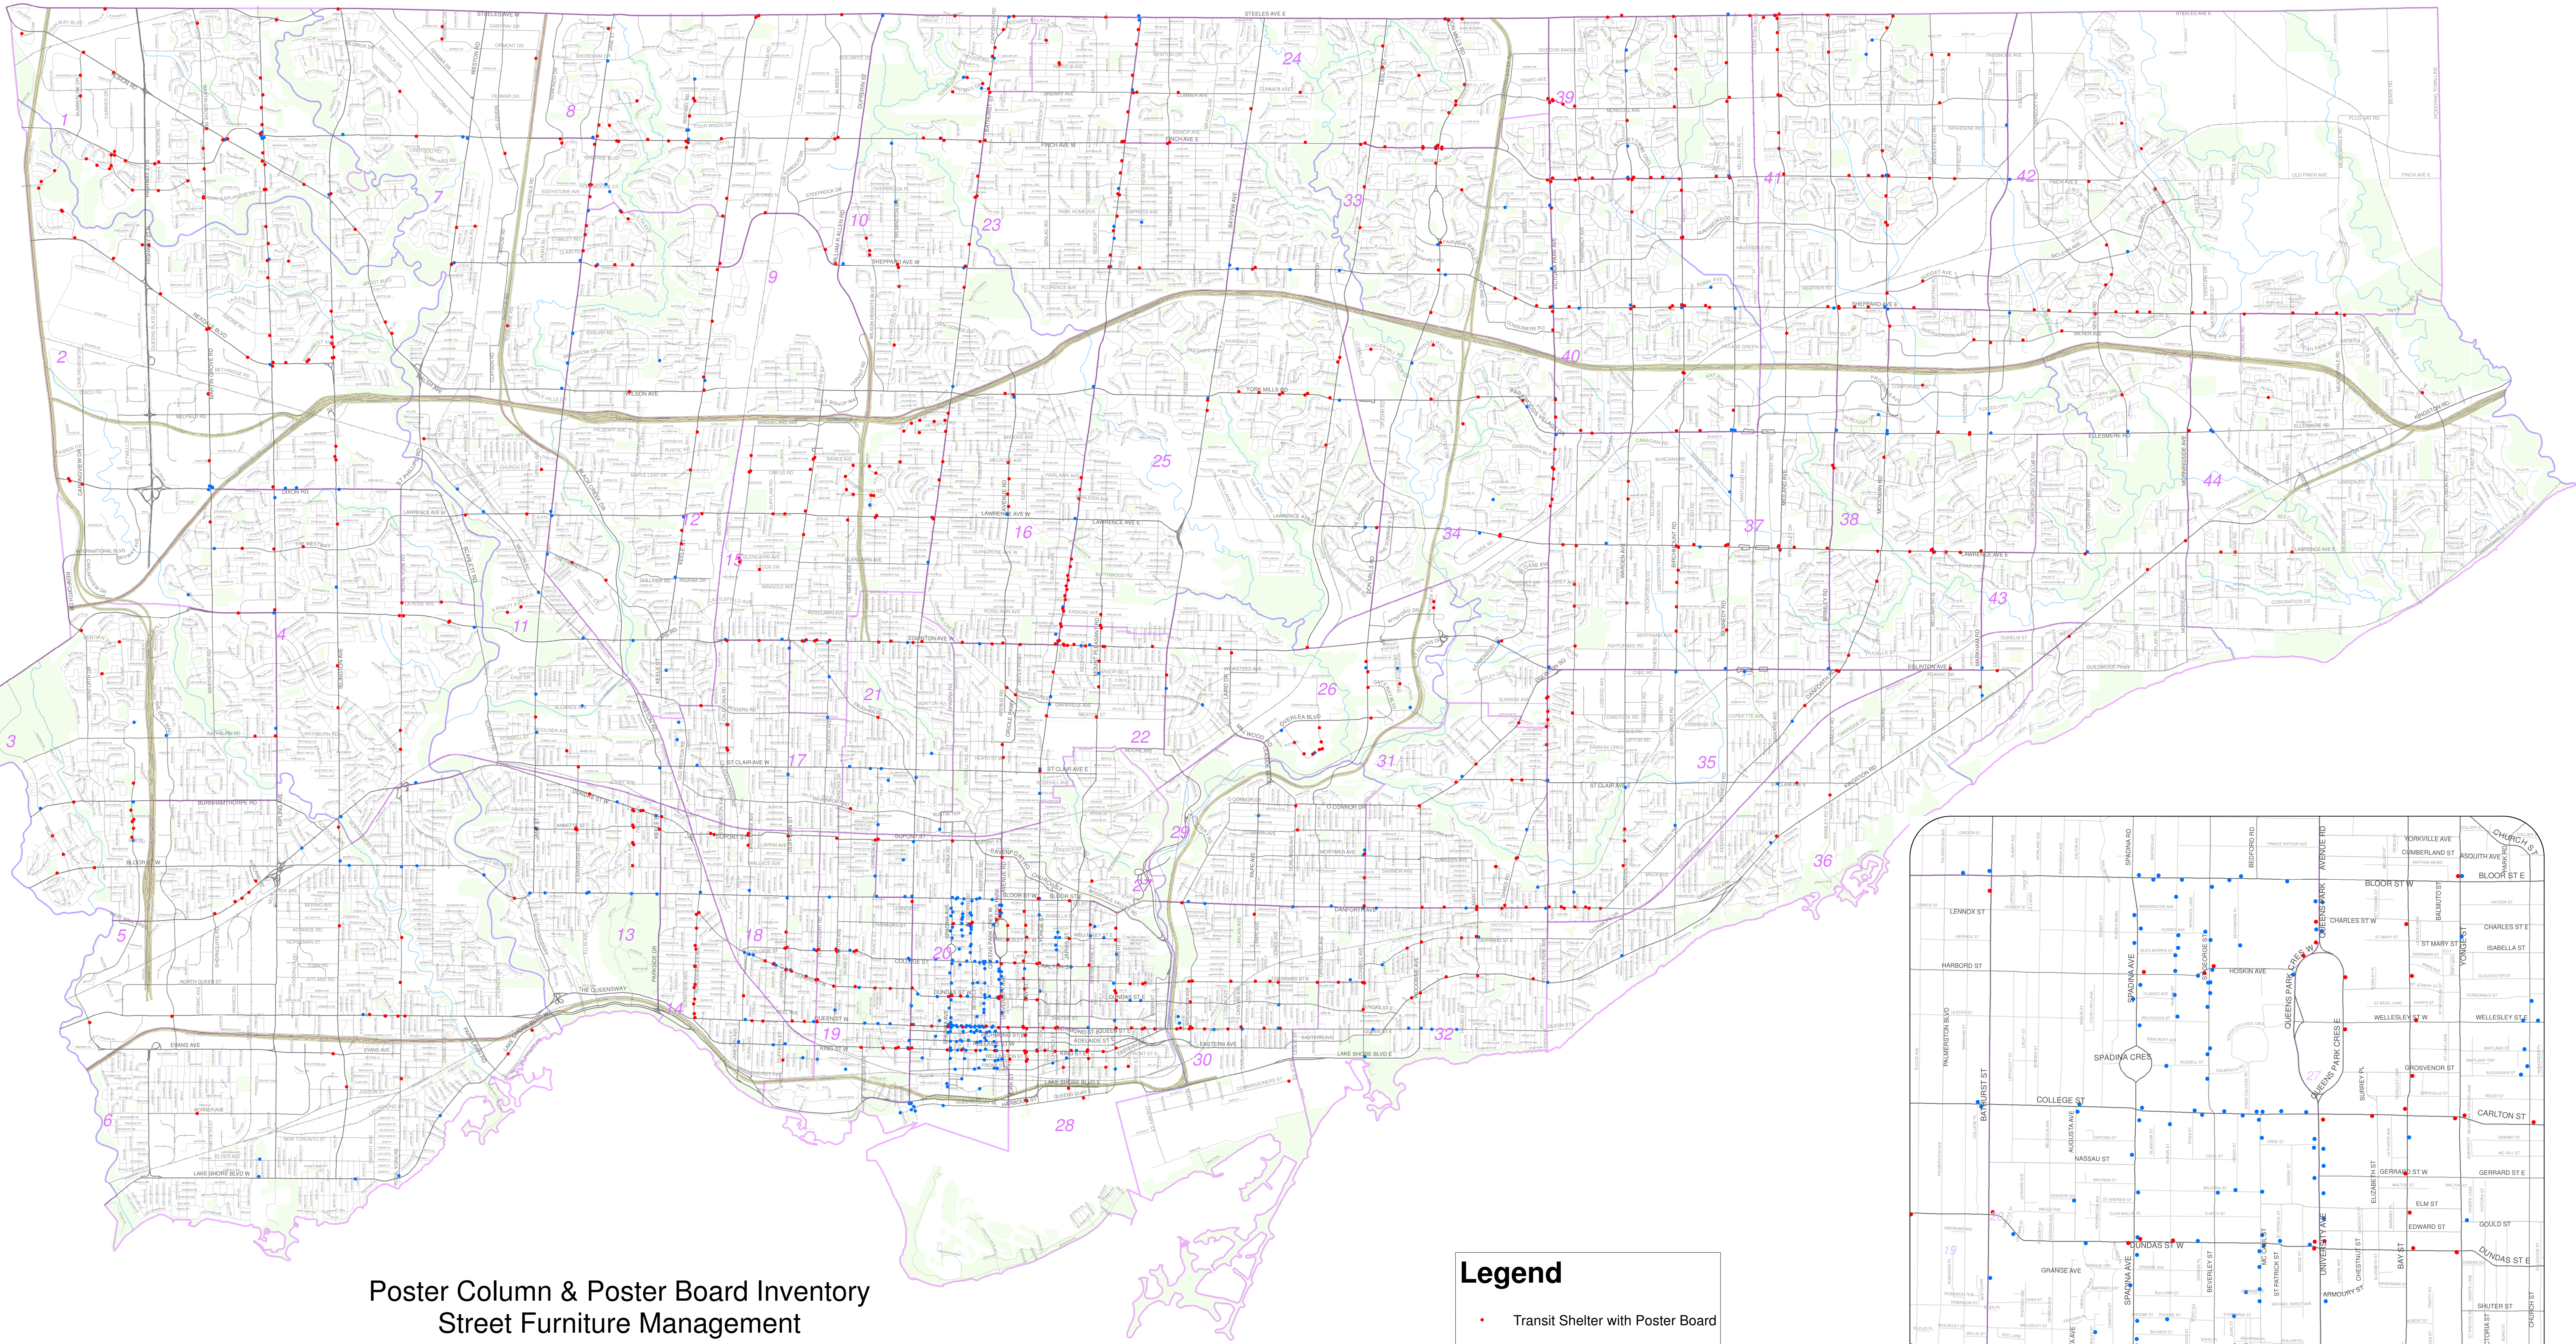

- Custom cast top panel bearing BIA/district logo and name
- Curved structure co-ordinates in form with the InfoToGo Column
- Modular components can be individually replaced in response to possible vandalism or accidental damage
- Rubber surface inserts into frame for additional safety and resistance to vandalism
- Vertical post coordinates with other street furniture elements
- Custom base plate cover caps conceal all mounting hardware
- Vertical divider prevents information larger than letter or tabloid formats to be posted
- Durable vulcanized recycled rubber posting surface
- Structure raised for additional street safety

beautifulstreetsbeautifulcity

- Map display is hung from the horizontal member of the shelter for added safety to occupants
- Design is mounted on one side (exterior) of the shelter glass for increased safety of shelter occupants
- Wall-mounted Public Message Centre is consistent in size and shape with the Transit Route Map enabling back-to-back installation
