-----------------	------------------------------

-------------------------	--

Comments	By the adoption of the Clause No. 33 of Report No. 26 of the Strategic Policies & Priorities Committee, City Council, at its meeting of December 17, 1998, authorized a \$34.5 million integrated Fire/Police radio communications system for emergency services, including the Toronto Ambulance Service. By way of supporting this radio communications initiative, the TPSB at its meeting of November 15, 2001 authorized leases or licenses with property owners, as may be required, for the placement of the said radio antenna. The Licensee's involvement in this new Agreement, and with the renewals of other TPSB radio antenna sites as they come up for renewal, will harmonize and regularize the real property leases and license agreements of the TPSB with those of other City Boards. This Site is part of a series of approximately six new sites being added to the City's emergency radio infrastructure as Police, Fire, and Toronto EMS work towards upgrading the entire system. This Agreement will have a term of five years with an option to renew for a further five years.

Terms	Major terms and conditions are set out on page 4 of this form. Real Estate Services Staff have reviewed the negotiated terms and are satisfied that the terms and conditions are fair, reasonable and at market value.
