## Road Resurfacing on Ellesmere Road from Military Trail to Morningside Avenue Road Resurfacing on a portion of Neilson Road

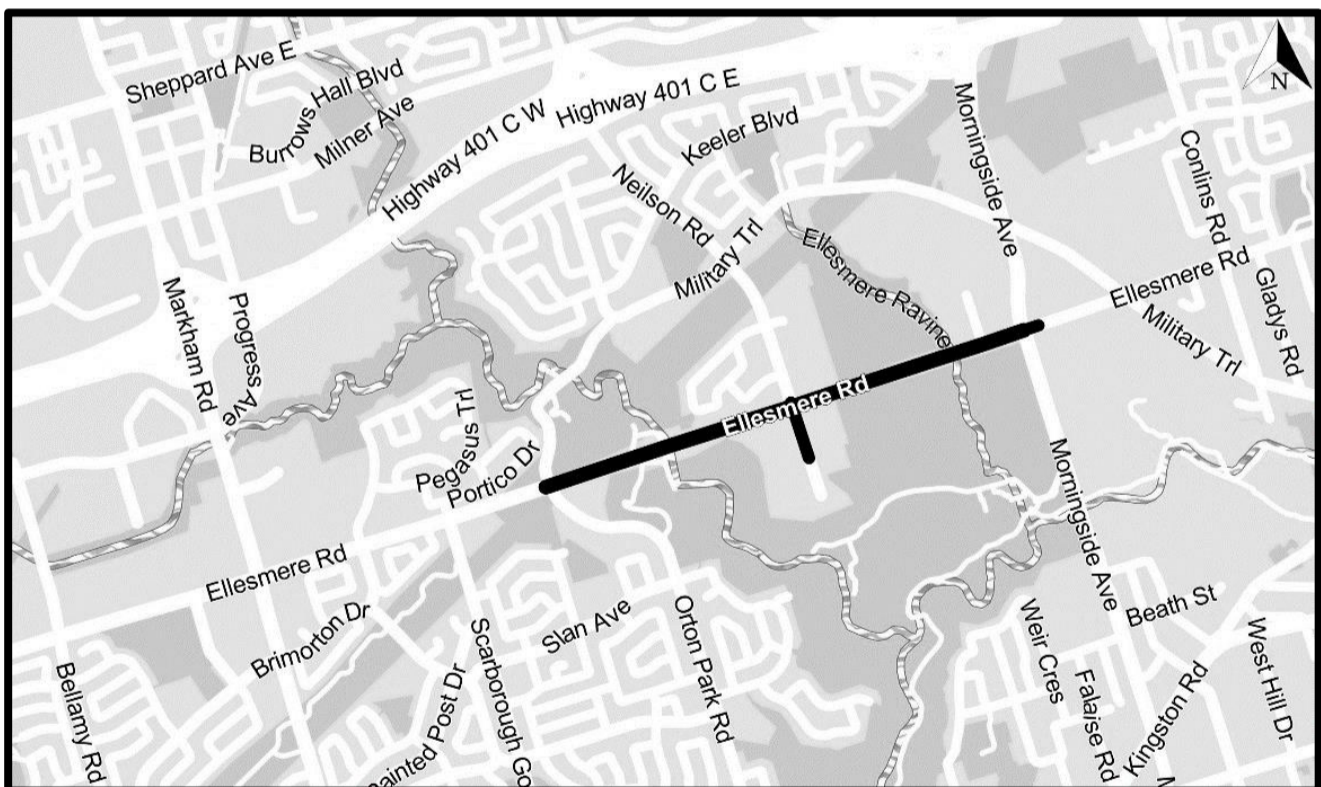

**Contract: 17ECS-TI-04MR**  
**Start Date: August 14, 2017**  
**End Date: November 18, 2017**  
*\*Timeline is subject to change.*

The City of Toronto will resurface the road on Ellesmere Road from Military Trail / Orton Park Road to Morningside Avenue and Neilson Road from Ellesmere Road to 170 m south of Ellesmere Road. Our inspection of the road shows that it needs resurfacing and sections of damaged curb and sidewalk need to be replaced to bring them to a state of good repair.

This work will also involve: installing a bicycle crossing on the north leg at the intersection of Military Trail and Ellesmere Road and removing the southbound turning lane at the intersection of Morningside and Ellesmere.

This work is part of the Council-approved 2017 Capital Works Program to renew aging city roads and sidewalk for current and future needs.

### MAP OF WORK AREA

### WORK DETAILS

The City's contractor will:

- Dig up the road surface
- Re-align maintenance holes and catch basins
- Repair curbs, gutters and driveways
- Repave the road surface

## WHAT TO EXPECT DURING CONSTRUCTION

- You may experience dust, noise and other inconveniences. The City will make efforts to reduce the impacts. We appreciate your patience.
- Property owners should remove items located within City property limits (boulevard), such as landscaping and/or decorative objects. If you have a sprinkler system within the boulevard, please contact the Project Manager.
- The City will not be responsible for damage to any privately owned items on City property.

	<p><b>Work Hours:</b> Work will take place from 7:00 am to 7:00 pm., Monday to Friday, with work after hours and on weekends as required.</p>
	<p><b>Road and Sidewalk Access:</b> In order to complete the work in a safe manner, there will be road and sidewalk restrictions within the construction work zone. Access for emergency vehicles will be maintained at all times.</p> <p><b>Driveway Access:</b> The contractor will notify you of any temporary restrictions to your driveway access. If your property has two entrances, one entrance will be kept open at all times.</p>
	<p><b>Traffic Management:</b> Efforts have been made to manage traffic in the area for the safety of workers, road users and residents. Some of these efforts include adding Local Access signs, revising traffic signal times. Road users should expect delays and increased traffic on nearby main and side streets.</p> <p><b>Ellesmere Road</b> will be maintained at two westbound lanes during peak hours 7:00 a.m. to 9:00 a.m. on weekdays except for during pavement works.</p> <p><b>Neilson Road</b> will be limited to one lane traffic in each direction at all times and <b>Ellesmere Road</b> to one lane in each direction at times not specified above.</p>
	<p><b>Parking:</b> Parking in the active work zone is not permitted due to space requirements for construction equipment and materials. If your parked vehicle affects the construction work, it may be re-located with no charge to the owner. If your vehicle is moved, please contact parking control for its location at <b>416-808-2222</b>.</p> <p><i><b>In the event you receive a traffic ticket for on-street parking during this period of construction, you may choose to dispute your ticket at one of the locations listed on the reverse side of the parking infraction notice. You may use this notice as part of your defence for parking consideration during construction; however, the Project Manager does not have the authority to cancel any parking tickets.</b></i></p>
	<p><b>TTC Service:</b> This project may affect travel times on 95 York Mills, 133 Neilson Road and the 116 Morningside buses. Visit <a href="http://ttc.ca">ttc.ca</a> for accurate schedule information.</p>
	<p><b>Garbage &amp; Recycling:</b> Please follow your normal routine. If required, the contractor will move bins to an appropriate location and return them. <b>Please ensure that you label your bins with your address.</b></p>
	<p><b>Restoration:</b> The construction work area will be restored with sod and/or asphalt where required. Interlocking bricks, flagstone on a granular base, or other similar features that are removed from public and private property during construction will be replaced. Lawn seeding and/or laying of sod will be done as needed during ideal growing seasons only - in the spring (April to June) and fall (September to October).</p>

## Asbestos in Asphalt

As part of the work, the City must test the removed asphalt to be removed for asbestos. Our tests show that there is 1.7% to 9.1% of asbestos in the various layer of asphalt on Ellesmere Road. During removal, the risk of release to airborne is below levels of concern to the Ministry of the Labour.

Asbestos was used in asphalt mixes throughout the 1970s and early 1980s to improve the performance of the asphalt. Air quality monitoring conducted by the City of Toronto at other sites has not detected asbestos fibres in the air as a result of resurfacing of asphalt. The risk of exposure to asbestos for workers and bystanders is low.

As a precaution, the City's contractor will follow these steps:

- Wet the pavement during asphalt cutting, grinding or removal
- Attach dust collecting devices with HEPA filters to equipment, where possible, to prevent dust from becoming airborne
- Provide personal protective equipment, such as disposable coveralls and respirators, to on-site workers upon request, and

Transport and dispose of asphalt containing asbestos at provincially approved disposal sites.
