## Watermain Replacement on Bedford Road from Macpherson Avenue to Bernard Avenue Parking disruption at Carpark 107 , 251 Macpherson Avenue

**Contract: 15ECS-LU-01TT**  
**Start Date: February 2016**  
**End Date: February 2017**  
*\*Timeline is subject to change.*

The City of Toronto will replace and re-line the watermain on Bedford Road between Bernard Avenue and Macpherson Avenue. Most of this project will use tunnelling and re-lining methods. These methods reduce the impact to residents and businesses along the route as excavation is limited to few places.

This project is part of the Council-approved 2015 Capital Works Program to renew our aging infrastructure, improve water distribution and reduce the risk of water main breaks.

### WORK DETAILS

The northernmost section of the watermain from Macpherson Avenue to Dupont Street runs under the railway tracks and to a chamber located at 74 Dupont Street. This section of the watermain will be re-lined and affect Carpark 107 at 251 Macpherson Ave. The work will affect some parking spaces in the lot from March 7, 2016 to April 11, 2016 (5 weeks).

Please see the map below, for the affected sections of Carpark 107 starting on March 7, 2016.
