

Your Action Plan to a NUCLEAR EMERGENCY

While it is unlikely that a nuclear emergency will occur in Ontario – being prepared in advance and knowing what actions to take can better protect your personal safety. If you live or work within 10km of either nuclear generating facility – the following safety information applies to you.

For more information on preparing yourself and your family ... including details on:

Shelter-in-Place

When to stay put

Evacuation

When to leave

Potassium Iodide (KI) Pills

How they work and where to get them

Emergency Survival / Evacuation Kit

Essential items to keep at home

...visit the Emergency Management Ontario web site - listed on bottom of this page.

How will I be notified of an emergency?

- Radio
- Television
- Automated Telephone Call (*Durham Only*)

What should I do if notified?

GO – inside and turn on your radio or television

LISTEN – to the media reports

FOLLOW – instructions provided by the Province

What instructions might I receive?

- Evacuate
- Shelter-in-Place
- Take Potassium Iodide (KI) Pills
- Report to a Reception Centre for Monitoring

Remember...

- Stay Calm
- Don't Evacuate - unless advised to do so
- Avoid Using the Phone - unless reporting a 911 Emergency
