## PART I: CAPITAL PROGRAM

### Executive Summary

- The Accountability Officers for the City of Toronto are:
  - The Auditor General's Office
  - The Office of the Integrity Commissioner
  - The Office of the Lobbyist Registrar and
  - Ombudsman Toronto
- The Accountability Officers are independent from the City's Administration and are officers of City Council.
- The Accountability Officers' 2018 – 2027 Capital Budget & Plan reflects the capital budget requirements for the Office of the Lobbyist Registrar and Ombudsman Toronto. There are no capital budget requirements for the Auditor General's Office and the Office of the Integrity Commissioner.
- The Accountability Officers' 2018 – 2027 Capital Budget & Plan has been consolidated into one Budget for purposes of inclusion in the corporate Capital Budget Summary for the City of Toronto. Each Accountability Officer is accountable for its own budget, separate from one another and pursuant to their legal mandates.
- This Note presents the requests of the two (2) Accountability Officers' 2018 – 2027 Capital Budget & Plan and acts as a reference document to accompany the 2018 – 2027 Capital Budget & Plan reports that are being submitted by the Accountability Officers directly to the Budget Committee.
- The Accountability Officers' 10-Year Capital Plan provides for the tools, systems and resources required to fulfill their statutory mandates as stipulated in the City of Toronto Act and Municipal Code Chapter 3. These projects are critical to the operations of the Offices to build public trust and confidence in government. The funding requests incorporate the Accountability Officers' State of Good Repair (SOGR) capital requirements.
- The Accountability Officers' capital budget requirements prior to 2011 were part of City Clerk's Office's approved capital budget, with the exception of the Auditor General's Office.
- The 10-Year Capital Plan totals \$1.4 million:
  - **Office of the Lobbyist Registrar** requires debt funding of \$0.7 million over the 10-year period for Lobbyist Registry State of Good Repair (SOGR).
  - **Ombudsman Toronto** requires debt funding of \$0.7 million over the 10-year period to maintain State of Good Repair of its Case Management System.
- The 10-Year Capital Plan of \$1.4 million comprised of State of Repair Projects:
  - **Office of the Lobbyist Registrar.** \$0.7 million or 100% is for State of Good Repair Projects.
  - **Ombudsman Toronto.** \$0.7 million or 100% is for State of Good Repair Project.

## **Accountability Officers – 2018-2027 Capital Plan**

---

- There will be no operating impacts to sustain capital systems for the Office of the Lobbyist Registrar and Ombudsman Toronto.
- Approval of the 2018-2027 Capital Plan will address the SOGR requirements of the Accountability Offices.

## **10-Year Capital Plan Overview**

### ***Office of the Lobbyist Registrar***

- The main objective of the 10-Year Capital Plan is to provide funding for the systems and the tools to support the mandate of the Office of the Lobbyist Registrar, per the City of Toronto Act, 2006 and Municipal By-Law 140.
- The 10-Year Capital Plan totals \$0.7 million is fully funded by debt.
- The 10-Year Capital Plan of \$0.7 million is 100% for a State of Good Repair project.
- There is no State of Good Repair backlog.
- The 10-Year Capital Plan will have no operating impact on the 2018 Operating Budget.

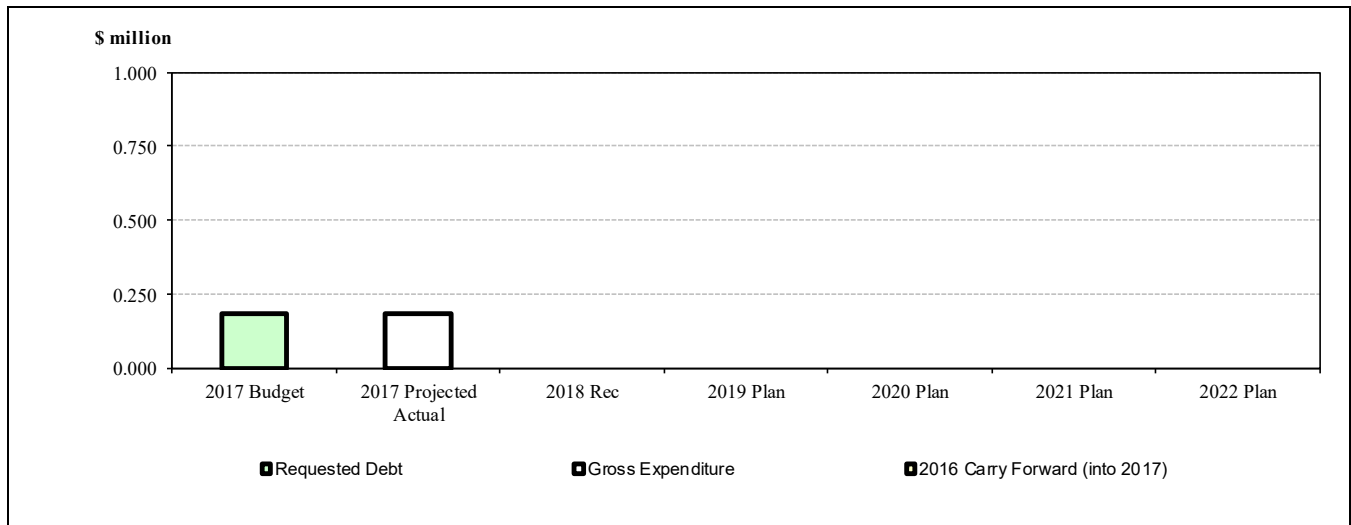

### ***Ombudsman Toronto***

- The main objective of the 10-Year Capital Plan is to provide funding for the case management system and the tools to support Ombudsman Toronto's mandate per the City of Toronto Act, 2006.
- The 10-Year Capital Plan totals \$0.7 million to maintain the Case Management System in a State of Good Repair condition. This is fully funded by debt.
- The 10-Year Capital Plan is fully funded by debt.
- The 10-Year Capital Plan is 100% for a State of Good Repair project.
- There is no State of Good Repair backlog.
- The 10-Year Capital Plan will have no impact on future year Operating Budgets.

# Accountability Officers – 2018-2027 Capital Plan

## 10-Year Capital Plan Details

### *Office of the Lobbyist Registrar*

#### Capital Project Highlights

- Lobbyist Registry SOGR

The Lobbyist Registrar is responsible for promoting and enhancing the transparency and integrity of City government decision making through public disclosure of lobbying activities and regulation of lobbyists' conduct. The City of Toronto Act, 2006 s 165 requires the City of Toronto to maintain a lobbyist registry which is available to the public.

The Lobbyist Registry System has three major purposes:

- Lobbyists use the system to document their interactions with City Officials.
- The information is available publicly through the OLR's website and is searchable
- The information is contained in an internal operating system (IOS) which is reviewed and managed by OLR staff.

State of Good Repair of the Lobbyist Registry is required to enable the registry to continue to function, comply with statutory obligations, meet requirements of users, as well as conform to City and industry technological standards. An updated search capacity will ensure that the public can access the information in the registry. To reflect the current technology prevalence of mobile device usage replacing office computers, a mobile interface is critical to ensure that the transparency and accuracy of the registry is maintained and prevent delays in registration and reporting. In addition, the Accessibility for Ontarians with Disabilities Act requires that all applications meet the WCAG 2.0 AA accessibility standard by 2021. This project will ensure that the Lobbyist Registry application meets this requirement.

Project implementation is in progress with project completion expected in December 2017 and there is no carry forward from 2017 to 2018.

There is no change to the project cost of \$0.660 million.

- Lobbyist Registry SOGR 2023

The Lobbyist Registry will need to be refreshed to enable the registry to continue to function, comply with statutory obligations, meet requirements of users, and conform to the City and industry technology standards. This project will have a project cost of \$0.700 million and will start in 2023.

## Project Financing

The 10-Year Capital Plan of \$0.7 million is to be fully funded by debt.

## State of Good Repair (SOGR) Backlog

There is no State of Good Repair Backlog.

## 2018 Capital Budget by Project Category

The 2018 budget request of \$0.7 million is 100% related to State of Good Repair.

# Accountability Officers – 2018-2027 Capital Plan

## Ombudsman Toronto

### Capital Project Highlights

- Case Management System for Ombudsman

In fulfilling its mandate under the *City of Toronto Act, 2006*, Ombudsman Toronto investigates complaints received from the public about the administration of City government, including its agencies and corporations. It also conducts enquiries and formal investigations on its own motion of issues with broad systemic implications, and recommends improvements to City administration.

The Case Management System (CMS) is Ombudsman Toronto's essential tool for managing its caseload, and for capturing and storing all complaints-related information, as well as information concerning own-motion enquiries and investigations. The information in the CMS is used to track complaints, enquiries and investigations, to identify trends, to provide referral information to staff, to generate reports (e.g., time required to resolve complaints, method of resolution, divisions complained about, issues investigated, recommendations made, etc.), to assist with the investigation of systemic issues, and to assist with management of the day to day handling of complaints.

The current system needs to be upgraded to ensure that the CMS is in a state of good repair, that it meets corporate and industry standards, and that it reflects new technology standards. Project implementation began in 2016 with project completion expected in 2017 and there is no carry forward from 2017 to 2018.

There is no change to the project cost of \$0.530 million.

- Case Management System SOGR

The Case Management System will need to be refreshed to meet the latest technology standards. This project will have a project cost of \$0.700 million and will start in 2023.
