1.0 INTRODUCTION

The document contains an index of all City-owned street names as adopted by City Council on November 27, 28 and 29, 2012. The index identifies the location of the streets using the reference grid as shown on the Etobicoke-York District Road Classification System Map and whether the street is classified as expressway, major arterial, minor arterial, collector or local. Streets owned privately or by other levels of government, expressways and road ramps, public and private laneways and roads pending classification are not included.

The streets are sorted alphabetically by street names. For a complete list of abbreviations for street type and direction, see Section 2 of the document.
