

What is General Aviation?

ICAO defines GA as those activities not involving scheduled commercial air transportation or the military.

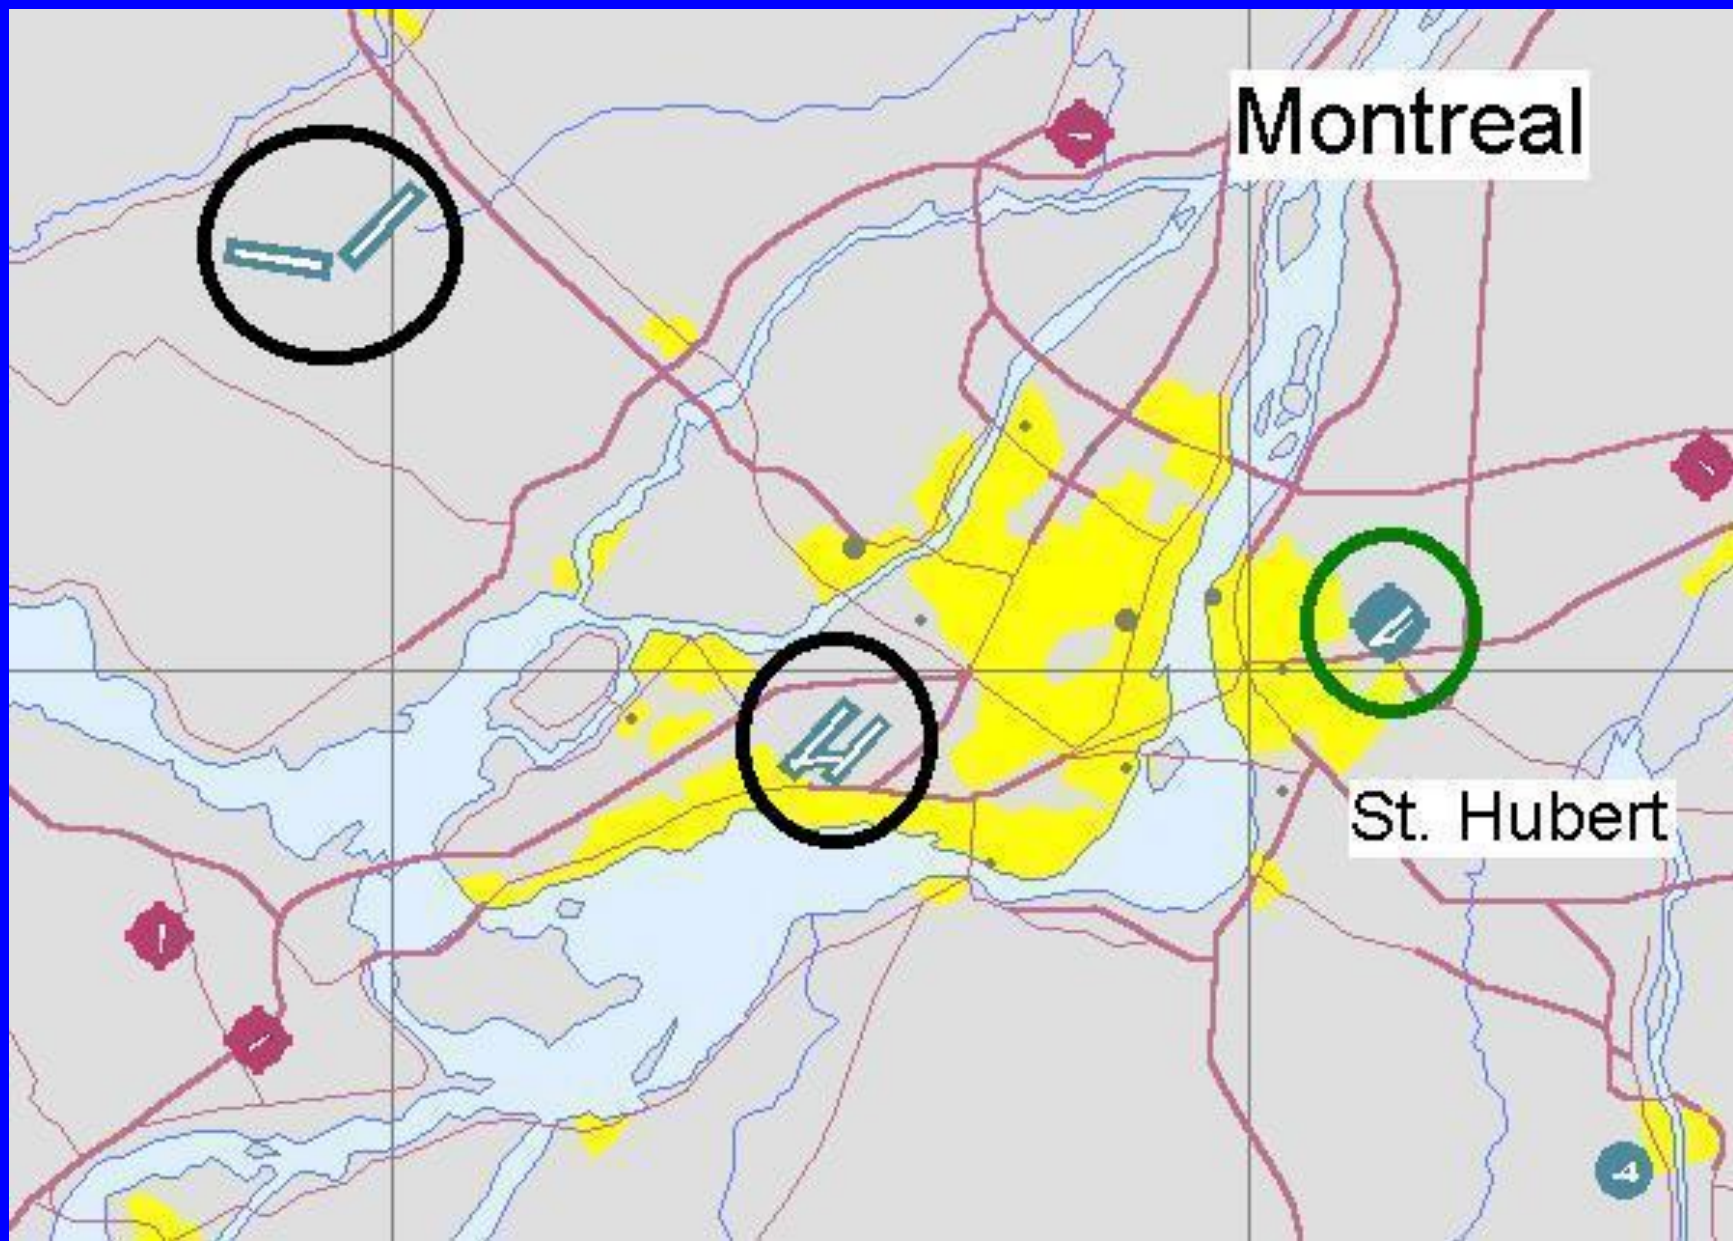

Some examples:

- Flight training
- Emergency medical
- Police surveillance
- Search and Rescue
- Traffic reports
- Surveying
- Agriculture
- Charter travel
- Business travel
- Personal travel
- Recreation

General Aviation at City Centre

City Centre is an important reliever airport for Lester B. Pearson International Airport, like similar North American Cities...

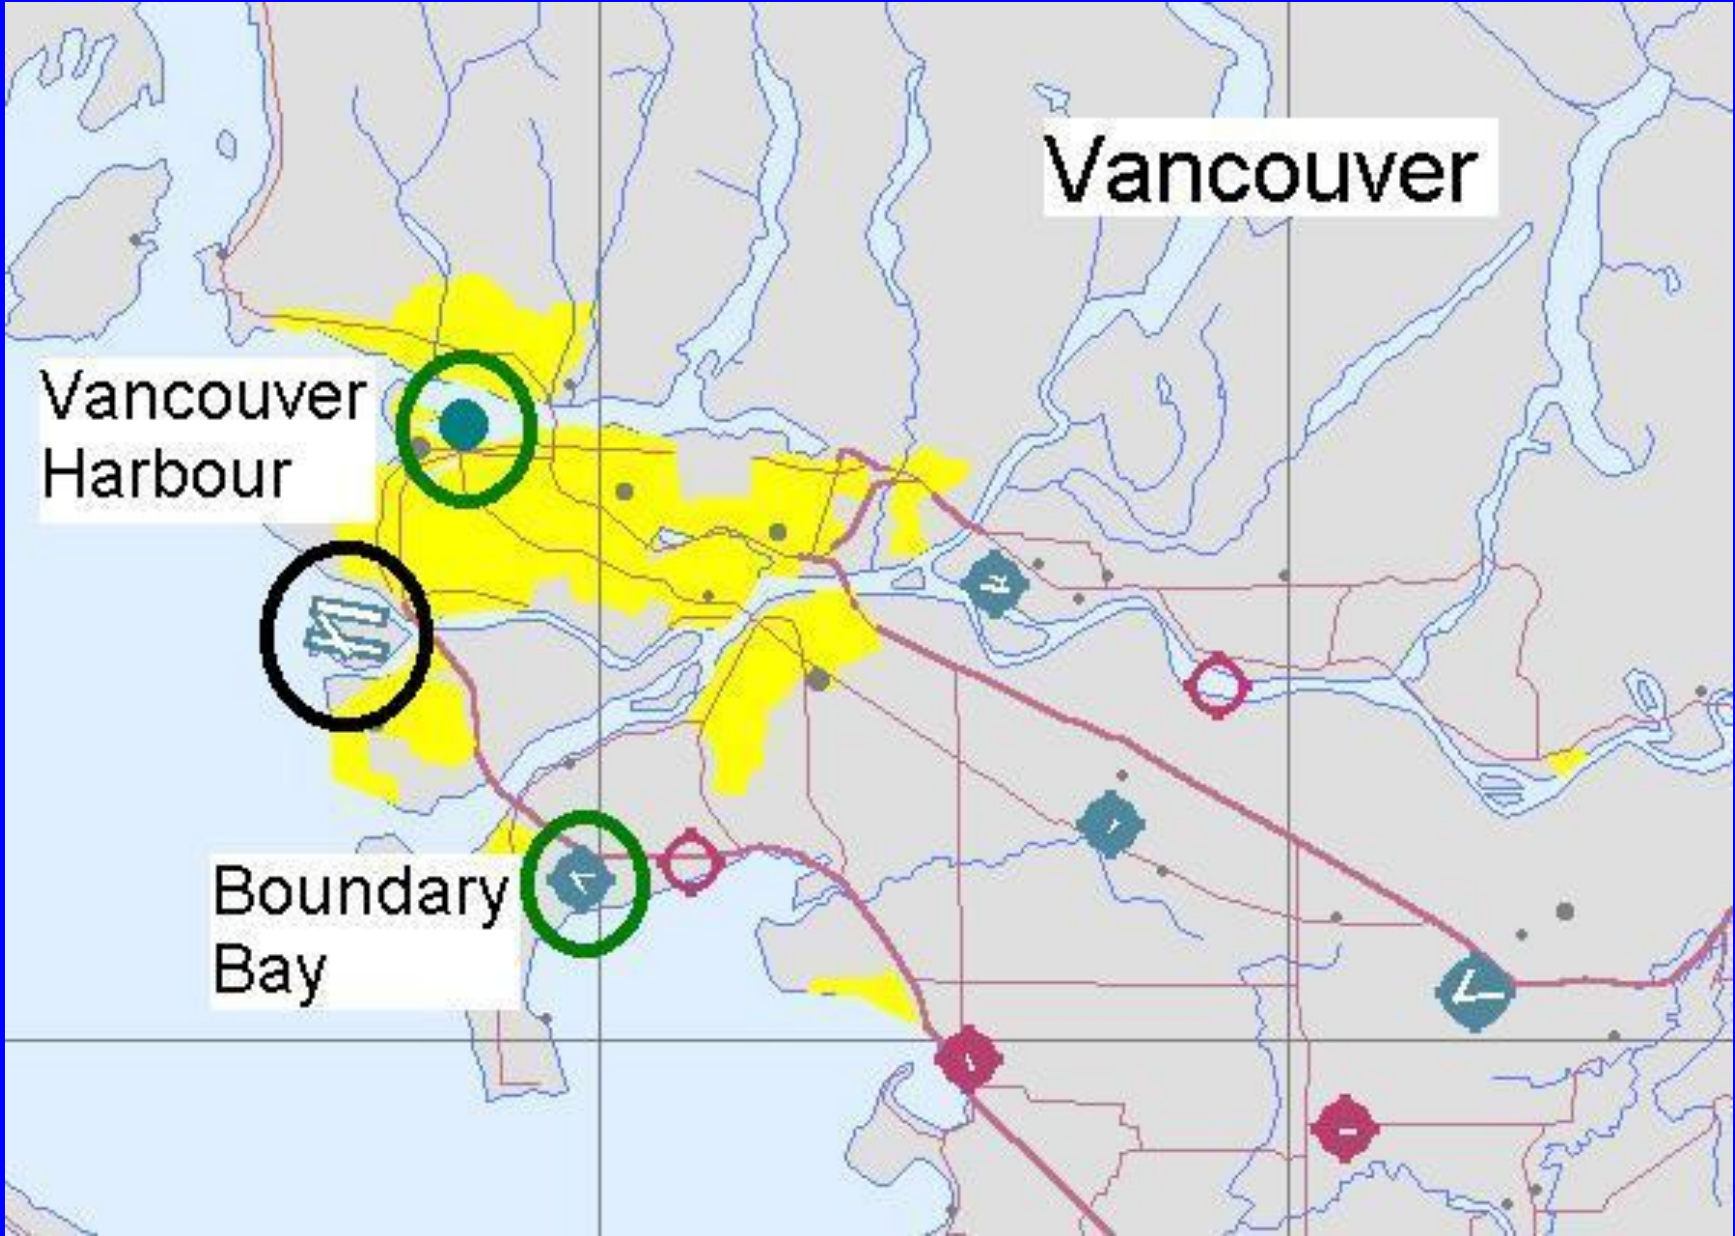

- On the following slides, airports circled in black are the major airline airports and airports circled in green are considered the reliever airports. In addition, other smaller airports are shown.

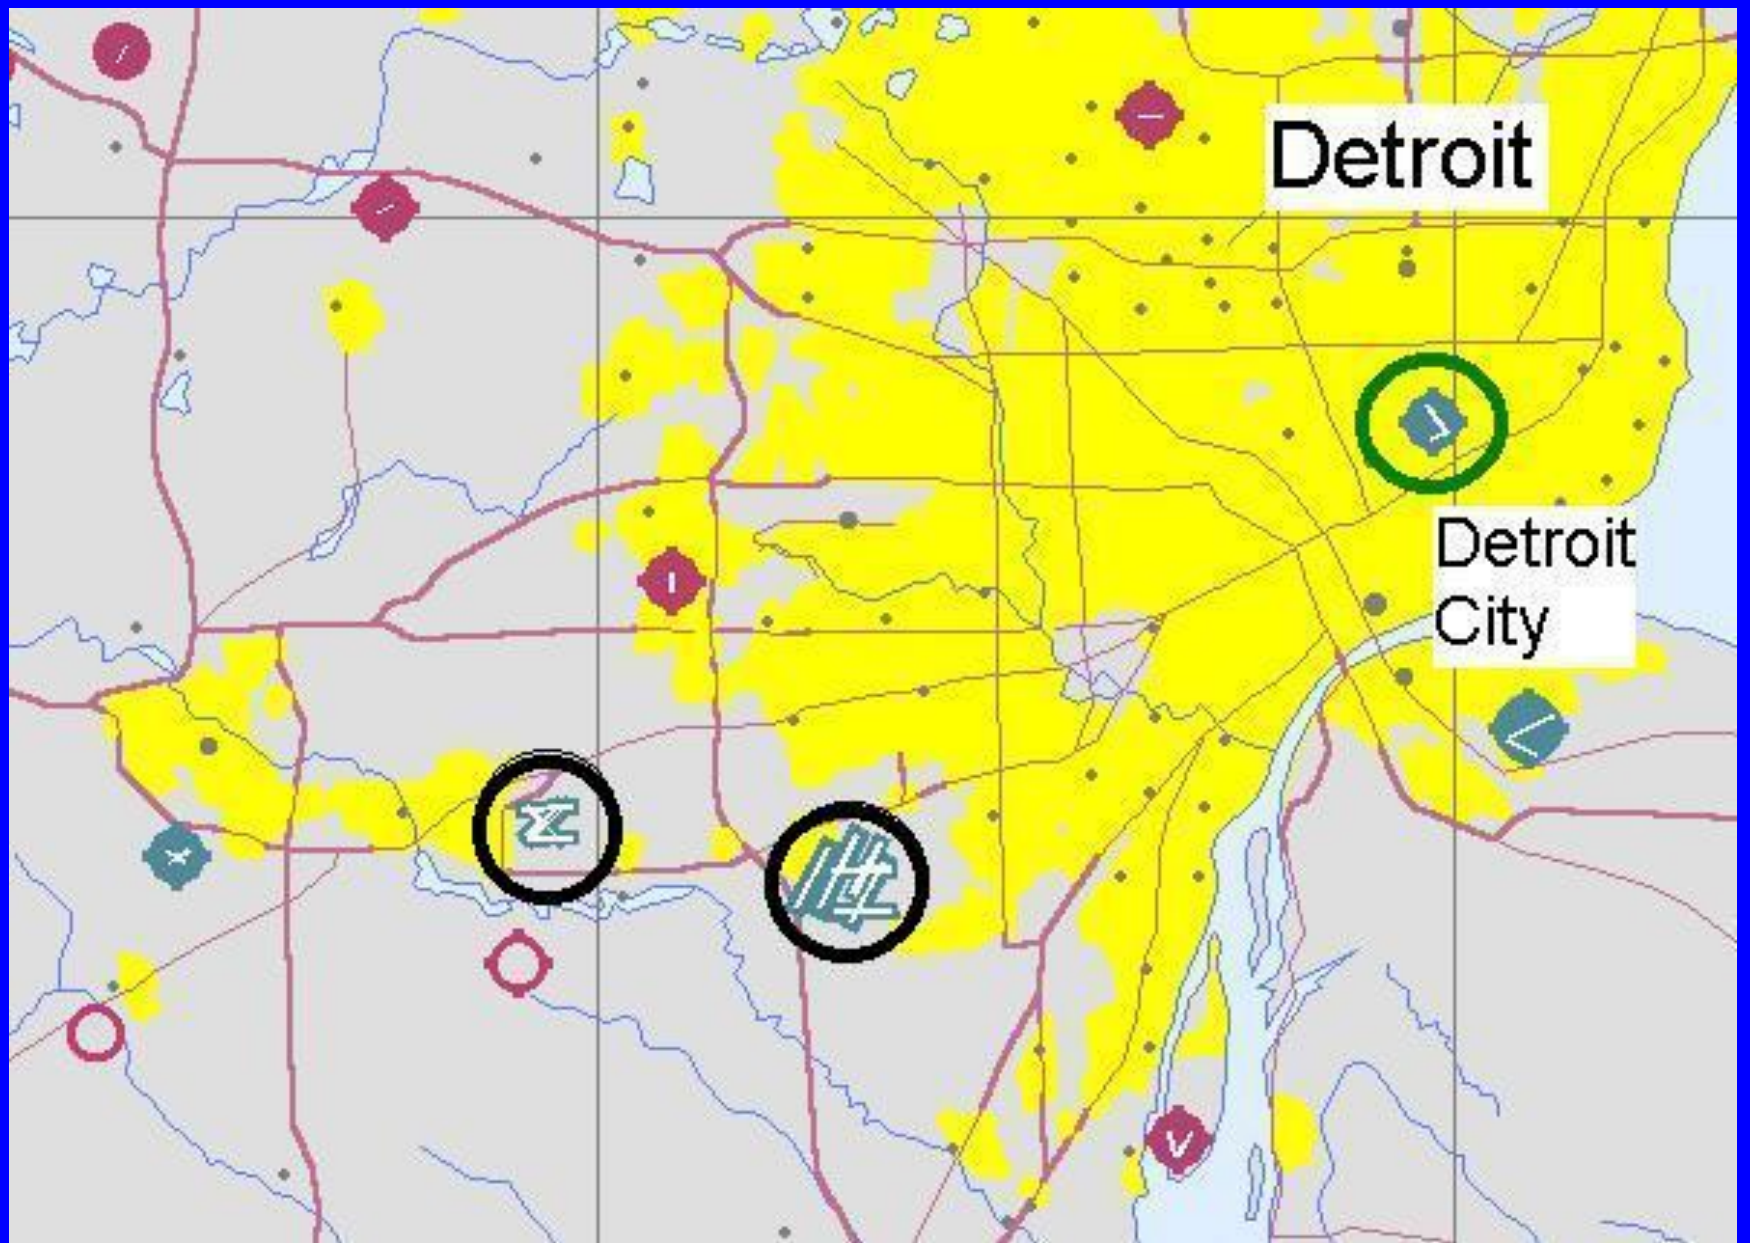

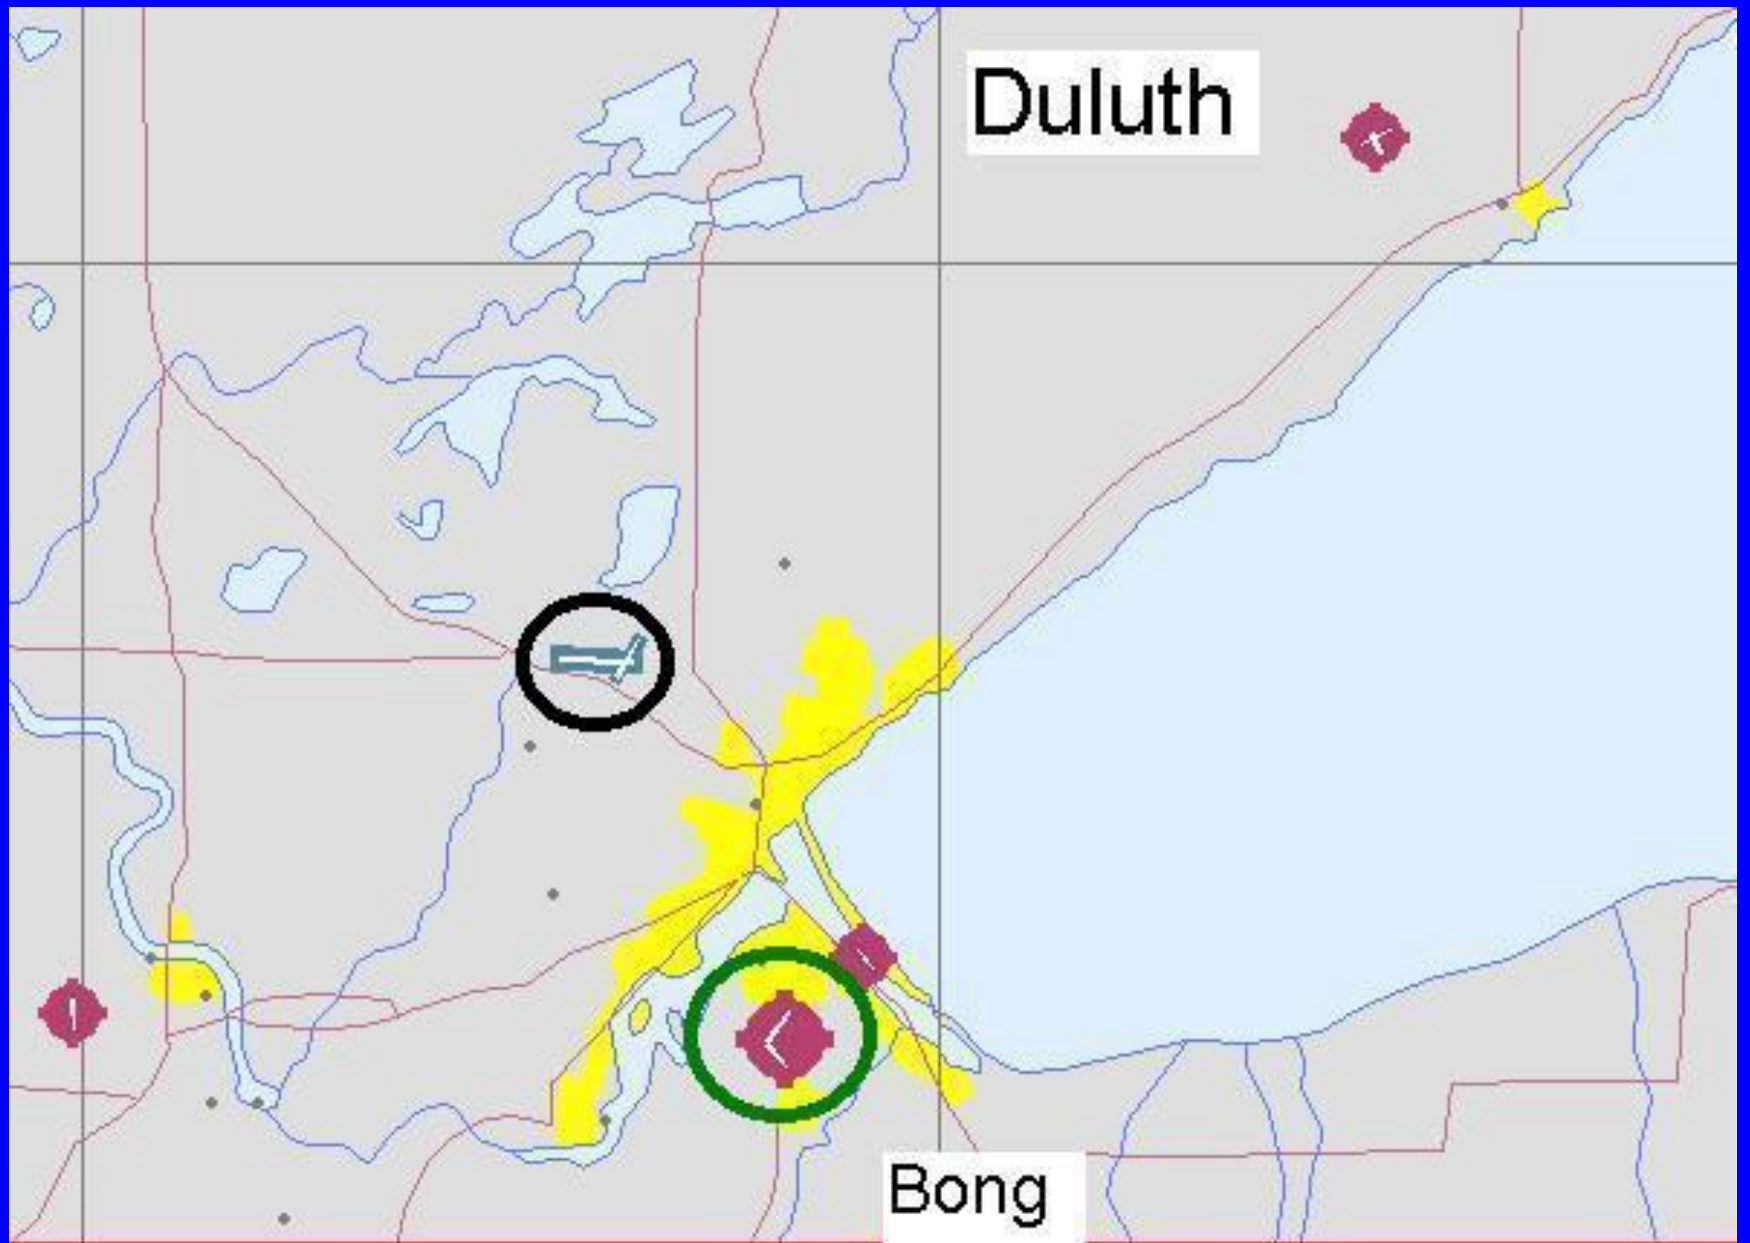

Vancouver

Vancouver Harbour

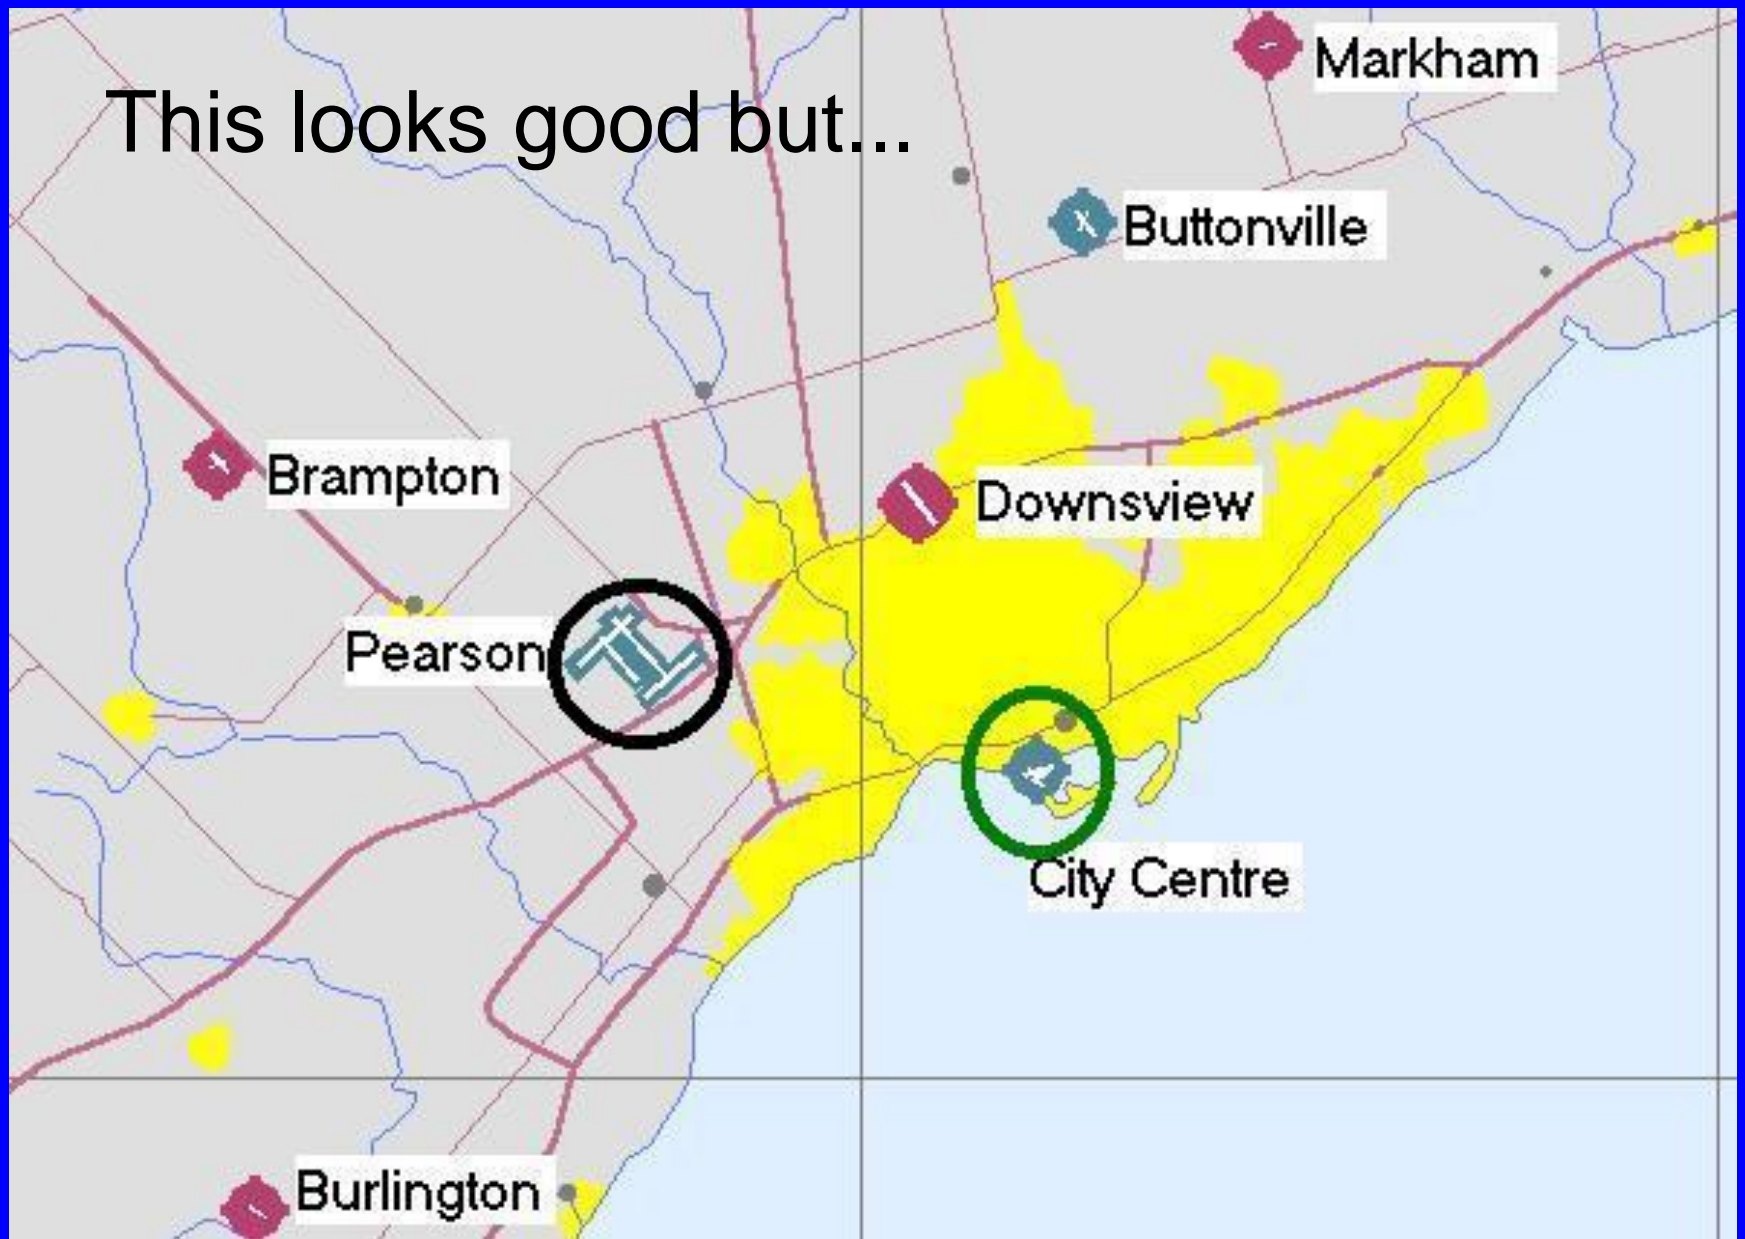

Boundary Bay

This looks good but...

Pearson severely restricts GA
and Downsview is
not open to GA

City Centre is squeezing GA out

Buttonville is closing

Toronto: a world class city?

With Buttonville closing, Billy Bishop must become the reliever airport for GA in order for Toronto to be in line with other major North American cities.
